Section 3. In the event more members request to attend non-required training courses than the number the City may authorize, such requests shall be granted in the order of seniority, need, training, and expenses.

The City shall, however, as far as practicable, see that such training is equally distributed among the members.

Section 4. For the purpose of this Article, courses relating to the Fire Fighter's profession shall be deemed courses given by Erie Community College, American Red Cross, and any other accredited Fire Fighters' training course.

Section 5. All employees who complete an approved Associates Degree in Fire Protection Technology or other Associates Degree in Fire Science shall receive an annual incentive of five hundred dollars (\$500).

Section 6. All new employees hired after August 1, 1996, as a condition of employment, shall have one (1) year from the completion of their New York State Fire Fighter's Certification Program to become certified as an EMT.

During the first year of employment: (a) employees will be allowed paid time off from regularly scheduled duties to attend a course and take such tests as are necessary to obtain initial certification as an EMT; and (b) the City will reimburse employees for tuition, required books, text, materials, and travel expenses associated with such initial training and certification. Attendance during the employees' scheduled working hours shall constitute compensable hours of work.

ARTICLE XXI

Vacancies, Promotions, Call-In's

Section 1. If the City determines that a permanent vacancy is to be filled, that position should be posted in all fire houses, listing the specific duty platoon, for a period of at least twenty (20) days. The City may temporarily assign an employee unrestricted, for a thirty (30) day period. Thereafter, the most senior qualified employee applying for that duty platoon will be given the opportunity to fill that vacancy in the same classification. If no one applies, the City will assign the qualified employee with the lowest seniority in that permanent classification.

Section 2. Filling of permanent vacancies:

- A. All permanent vacancies that occurred during the year shall be posted for first round bidding by the first day of October for twenty (20) calendar days.
- B. Awards will be posted the twenty-fifth (25th) day of October and second round bidding will commence on the first (1st) of November and shall be posted until the tenth (10th) of November.
- C. Second round awards will be posted by the fifteenth (15th) of November.
- D. Bidding will include all Fire Fighter positions [including at least three (3) alarm room positions], Lieutenant and Captain positions.
- E. All employees hired after November 6, 2013 shall be residents of the City of Lackawanna and shall remain residents for the lesser of 1.) throughout their employment with the City of Lackawanna or 2.) for twelve (12) years; provided, however, that such residency shall not be

required, for any purpose (including promotion) of employees hired before November 6, 2013.

Section 3. Seniority in Duty Platoon.

Permanent members of duty platoon will be allowed to bid off/on assignments, only if there is a qualified but less senior person available to fill such assignment within the same classification.

To bid off, an assignment must be within their job classification, on their duty platoon and assigned to their fire station. A Fire Fighter regularly assigned to a particular position may be held in that position up to a period of six (6) months prior to reassignment. A Fire Fighter assigned to a particular position shall retain that position for a period of at least six (6) months.

A Fire Fighter assigned to a duty platoon must have successfully completed the first responder certification program.

Section 4. Acting/Temporary Promotions.

All non-permanent promotions shall be of two (2) types - acting or temporary.

- A. Acting promotions shall apply to replacing of officers for days off, vacation, sick leave, and Section 207(a) disabilities. If the sick leave or Section 207(a) disabilities last longer than sixty (60) calendar days, the promotion shall be filled by a temporary promotion as noted in paragraph B, herein. The senior officer (time in title) is entitled to the promotion on a platoon-wide basis. Where a Civil Service list exists, the senior officer/fire fighter (time in title) who is on the Civil Service list is entitled to the promotion on a platoon-wide basis. Ranking on the list is not relative to the appointment.
- B. Temporary promotions apply to replacing of officers for leave of absences, officers temporarily re-assigned from the platoon, no permanent officers assigned to the platoon, sick leave over sixty (60) calendar days, or Section 207(a) disabilities over sixty (60) calendar days. Senior officer (time in title) is entitled to the promotions on a department-wide basis. Where a Civil Service list exists the Senior officer (time in title) is entitled to the promotion on a department-wide basis. Appropriate Civil Service rules and law shall apply where applicable.

Section 5. The City agrees to distribute call-in opportunities in an equitable fashion among all members. A record of opportunities will be maintained and reviewed on a regular basis.

Section 6. Any "call-in" overtime shall be compensated at the rate of one and one-half (1½) times the employee's regular rate of pay, or, at the discretion of the employee, may be taken as compensatory time in accordance with Article XVII, Section 4 of this Agreement.

Section 7. The City shall have the right to subcontract alarm room duties (which the parties understand to include duties typically performed by an employee while assigned to work in the alarm room and not other regular EMT or firefighting duties) to another governmental entity upon notice to and discussion with the union. In the event that, within fifteen (15) calendar days of its receipt of notice of such a proposed subcontract, the Union delivers to the Mayor a written demand for impact negotiations, the discussions shall include negotiations over the impact of the City's decision to subcontract such duties, and the City shall not implement such decision to subcontract until the conclusion of such impact negotiations, whether by written agreement or arbitration award, or otherwise. If the parties have not reached an agreement on impact within thirty (30) calendar days of such a demand to negotiate, the parties agree to cooperate in the quick selection of a neutral interest arbitrator, without the need to file for impasse with PERB or to employ the services of a mediator. If the parties have not agreed upon a neutral interest arbitrator within forty (40) calendar days of the demand to negotiate, either party may designate Robert Rabin as the neutral interest arbitrator, or if he is unavailable to conduct a hearing within thirty (30) calendar days, Howard Foster, or if he is unavailable to conduct a hearing within thirty (30) calendar days, a neutral arbitrator selected from a list of arbitrators provided, upon demand by either party, by PERB in accordance with Part 207 of its Rules of Procedure. The arbitrator must hold a hearing within thirty (30) days of his appointment and render a decision within thirty (30) calendar days of closing of the hearing. The arbitrator shall render an award based on the criteria that would be considered by a PERB-appointed neutral arbitrator for resolution of such an impasse in negotiations pertaining to the impact of subcontracting such alarm room work. The arbitrator's decisions shall be final and binding and the cost of the arbitrator shall be shared equally by both the City and the Union.

Nothing contained in this section shall apply or diminish the rights of either party with regard to the discontinuance (as opposed to subcontracting) of alarm room work.

In the event the City exercises its rights under this section, the reference to alarm room positions in Article XXI, Section 2, subsection (D), will be of no further force or effect.

ARTICLE XXII

General

Section 1. If any section, sub-section, sentence, clause, phrase, or portion of this Agreement is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portion hereof. If a clause is held to be invalid, then the parties agree to make their best effort to negotiate a substantially equal substitute for the invalid clause within a reasonable period of time. The parties agree to meet within ten (10) days from the date of such invalidity of the clause.

Section 2. The City shall provide a copy of this Agreement to all bargaining unit members, plus 10 copies to the Union Attorney, within thirty (30) days of the initialed or signed final draft. Failure of the City to so provide within the thirty (30) days shall permit the Union to provide such copies and bill the City.

Section 3. All employees in the bargaining unit shall be permitted time off with pay to take Civil Service examinations for fire service positions within the city.

Section 4. No employees in the bargaining unit shall be replaced with volunteer fire fighters.

Section 5. Effective as soon as reasonably practicable after ratification of this Agreement, the City will provide a single office space, to be located in Station Three (3), for Union use, provided any necessary refurbishment of such space does not require that the City incur any cost.

ARTICLE XXIII Management Rights

There is reserved exclusively to the City all responsibilities, powers, rights, and authority expressly or inherently vested in it by the Laws and Constitution of the State of New York and the United States, excepting where expressly and in specific terms limited by the provisions of this Agreement.

ARTICLE XXIV Substance Abuse Policy

A. This Policy endorses the City's responsibility and commitment to provide a safe and healthy work environment for its employees and community for its residents. The goals of the City's drug and alcohol testing program are detection, deterrence, and rehabilitation. The possibility of being identified as a drug user or under the influence of alcohol discourages individuals from using drugs or alcohol and will enhance the safety of the City's operations.

B. This Policy applies to all bargaining unit employees in the Fire Department.

Section 1. Prohibited Conduct

A. An employee shall not report for duty or remain on duty while having an alcohol concentration of 0.02. No employee shall report for duty or remain on duty while an employee possesses alcohol or a prohibited drug.

B. No employee shall use alcohol or any prohibited drug while on duty.

C. No employee shall report to duty within four (4) hours after using alcohol. An employee will not report for duty while having a level of prohibited drugs in his system in excess of the cutoff levels explained further in this policy.

D. As used herein, a prohibited drug means the drugs identified in the U.S. Department of Transportation regulations, *e.g.*, marijuana, cocaine, opiates, phencyclidine, and amphetamines.

Section 2. Required Testing

A. The City may require an employee to submit to an alcohol test and/or a drug test when the City has reasonable suspicion to believe that the employee has violated the prohibitions of its Policy. Additionally, if there has been an accident or if a traffic citation has been issued, the City may require an employee to submit to an alcohol and/or drug test.

B. Any employee required to be tested for the presence of alcohol or drugs pursuant to law or this Policy shall submit to and cooperate with such testing. The City shall pay such employee for and during time spent in connection with City-required drug testing. Refusal to submit to such required testing shall be considered as testing positive and shall constitute a violation of prohibitions of this Policy. An employee who hinders collection procedures, adulterates or substitutes a sample, or attempts such hindrance or adulteration will be considered as having tested positive.

C. An employee found to be in violation of the prohibitions of this Policy may be removed from duty and the City may discipline or discharge the employee in a manner not inconsistent with the collective bargaining agreement (*i.e.*, it is understood that the concept of “just cause” would apply to any disciplinary action) and/or refer the employee for appropriate counseling or treatment. In non-disciplinary cases, the employee may be returned to duty in accordance with the recommendation of the employee’s counselor. The employee may use any of his/her accrued leave while he/she is removed from and before he/she is discharged or disciplined for the duration of his absence from work under this Policy.

Section 3. Testing Procedure

A. The City shall use a laboratory with National Institute on Drug Abuse Certification.

B. The employee will be required to provide a urine specimen under the U.S. Department of Transportation guidelines.

C. The cutoff levels utilized by the U. S. Department of Transportation shall be utilized. Testing levels which fall below these cutoff levels shall be considered negative results.

Section 4. Reasonable Suspicion

Reasonable suspicion is established by observed behavior recognized and accepted as being indicative of possible use of alcohol or a prohibited drug, and/or physical manifestations of drug use (such as possession of a prohibited drug or drug paraphernalia). In all cases involving reasonable suspicion, the observer(s) shall document observations of the employee’s behavior and factors leading to the establishment of reasonable suspicion of the employee’s behavior. Such documentation shall be given to the Fire Chief, or his designee, who shall exercise his discretion to determine whether, based upon the documentation, reasonable suspicion drug testing shall take place. The employee will be given the opportunity to make a verbal statement or provide appropriate medical documentation to the medical review officer

explaining why his or her behavior or other physical signs may be indicating that he or she appears to be under the influence of alcohol or prohibited drugs.

Section 5. Medical Review Officer

A test will not be considered positive until the City’s designated Medical Review Officer (MRO) has determined that the test is positive for alcohol or a prohibited drug. An employee on a leave due to a positive drug test will only be allowed to return to work after verified negative test result has been received by the MRO. The employee shall have the right to the presence of a steward at all times.

Section 6. Confidentiality

Except for legitimate business purposes amongst those with a legitimate need to know in connection with the administration of this policy and challenges related thereto and as otherwise required by law, the City will maintain confidentiality of drug and alcohol tests and related records and reports.

ARTICLE XXV

General Municipal Law Section 207-a Procedure

Section 1. Intent and Definitions

A. This procedure is intended to implement the express language of New York General Municipal Law Section 207-a (“GML § 207-a”) and is not intended to reduce any benefits that firefighters are entitled to pursuant to GML § 207-a. This procedure is not intended to expand or diminish any existing rights to employee benefits while a member is on GML § 207-a.

B. The parties hereto specifically acknowledge that the purpose of this agreement is to enact procedural requirements for the provision of GML § 207-a benefits in the Lackawanna Fire Department. The enactment of this policy is not intended to alter the coverage available under GML § 207-a for any particular type of injury/illness, nor does it supersede any applicable case law concerning when coverage applies or benefits available for a member under the law and/or the collective bargaining agreement.

C. For the purposes of this procedure, “business day” shall mean Monday through Friday excluding any holiday when City Hall is closed for regular business.

D. For the purposes of this procedure, “member” shall mean any bargaining unit employee of the Lackawanna Fire Department who is covered under the provisions of GML § 207-a.

E. For the purposes of this procedure, “City” shall mean the City of Lackawanna.

Section 2. Notice of Disability or Need for Medical or Hospital Treatment

A. A member or anyone acting on the member's behalf, who claims a right to benefits under GML § 207-a either because of a new illness or injury or the recurrence of a prior illness or injury, shall make written notice and application for those benefits within fifteen (15) business days of when the firefighter reasonably should have known that the illness or injury would give rise to the claim of entitlement to GML § 207-a benefits. The member shall have the continuing right to supplement or amend his notice and application with any information obtained subsequent to the filing of such notice and application. Any dispute arising over an alleged failure of the member to file notice and application within the time limits set forth herein shall be subject to the dispute resolution procedure provided for in Section 6 of this Article.

B. The member shall provide a medical authorization for the City to obtain copies of those medical records from his/her treating physician or other health care provider which pertain to the illness/injury claimed. The medical authorization shall contain a confidentiality statement prohibiting the use or release of the member's medical records except for purposes authorized by this Procedure or as otherwise permitted by law (including the use or viewing by those at the City with a legitimate need to know) and shall be specifically limited to the illness or injury for which benefits are claimed. The City will provide the member, without cost to the member, a copy of the records and reports provided to the City pursuant to the authorization. Except for legitimate business purposes in connection with the administration of this policy and challenges related thereto and as otherwise required by law, the City will maintain confidentiality of those records and reports.

C. The failure to satisfy any time limits specified above shall render a notice of filing untimely and shall preclude an award of any benefits pursuant to GML § 207-a; provided, however, that the City shall have the discretionary authority to excuse a failure to provide notice or file a report upon good cause shown. Any alleged failure to satisfy the time limits under this section shall be subject to the dispute resolution procedure set forth in Section f.

Section 3. Status Pending Determination of Eligibility for Benefits

A. A member who is injured in the line-of-duty and who makes a good-faith application for GML § 207-a benefits shall be placed on presumptive GML § 207-a leave, pending the City's determination of his/her eligibility for GML § 207-a benefits. Where a member is already receiving GML § 207-a benefits following a City determination (or arbitrator's award), if the City decides to remove him from GML § 207-a, and if in response the procedures under part "f" herein are invoked, the member shall remain on presumptive GML § 207-a until an arbitrator has rendered his award, the grievance is withdrawn, or the parties otherwise agree.

B. If the member's GML § 207-a application, or his continuation of GML § 207-a benefits, is denied by the City and following any hearing which may be scheduled under Section "f" of this procedure, the City shall deduct from the member's sick-leave accruals all leave time expended during the determination period. In the event such sick-leave accruals are insufficient to reimburse the City for presumptive GML § 207-a leave benefits paid, the affected member shall, at the discretion of the City either be required to sign an authorization permitting the City to deduct such unreimbursed amounts from his paycheck in accordance with legal procedure or forfeit future sick leave accruals until the member has reimbursed the City for the

presumptive GML § 207-a benefits paid. Nothing contained herein shall compromise the City's right to pursue any lawful means, whether or not specified in this paragraph, to recover for GML § 207-a benefits (or presumptive GML § 207-a benefits) paid to any member without a bona fide entitlement to such benefits under GML § 207-a.

Section 4. Benefit Determinations

A. The City shall promptly review a member's application for GML § 207-a benefits and shall determine his eligibility within fifteen (15) business days after the City receives the application.

B. In determining the application, the City may require a more detailed statement from the member than that contained on the application. The City may take statements from witnesses and may send the member to a physician or physicians of its choice for examination at the City's expense.

C. The determination will be made in writing to the firefighter, and copied to the Union, setting forth in detail any and all reasons for the determination. In the event that the application is denied, the City will simultaneously provide the member, without cost, a copy of all medical or other information produced or acquired by it, in connection with the member's application and determination for GML § 207-a benefits. The City will continue to provide the member with additional medical information subsequently produced or acquired.

D. Denial of GML § 207-a benefits is appealable, at the member's option, pursuant to the terms of Section f of this policy. The City's determination shall include notice and instructions to the member regarding how to initiate the appeal process.

Section 5. Assignment to Light Duty

A. As authorized by the provisions of Subdivision 3 of GML § 207-a, the City may assign a disabled member specified light duties.

B. The City, prior to making a light duty assignment, shall advise the member receiving benefits under GML § 207-a that his/her ability to perform a light duty assignment is being reviewed. The member may submit to the City, any document or other evidence in regard to the extent of his/her disability. The City may cause a medical examination or examinations of the member, to be made at the expense of the City. The physician selected, the member and his/her physician, shall be provided with the list of duties and activities associated with a proposed light duty assignment, prior to any implementation of the same. The City's physician shall make an initial evaluation as to the ability of the disabled member to perform certain duties or activities, given the nature and extent of the disability. If the member's physician does not agree that the member is medically able to perform the light duty assignment, he/she must express, in writing, those elements of the light duty assignment which the employee cannot perform and the specific medical reasons which preclude the member from performing the duties.

C. If there is a disagreement between the City's physician and the member's physician as to the member's fitness to perform one or more portions of the duties of the light

duty assignment, those portions cannot be assigned until the dispute is resolved pursuant to Section f. It is understood that assignment to light duty is temporary and that a member so assigned does not have any entitlement to a continued light duty assignment for an indefinite duration of time. Nothing contained herein shall require the Department to create light duty assignments or be deemed to change any existing practice regarding performance of overtime in a light duty assignment.

Section 6. Dispute Resolution Procedure

A. In the event a member is aggrieved by the City's denial of an application for GML § 207-a benefits or decision to discontinue GML § 207-a benefits, or if there is a dispute about whether a member is capable of performing a specific light duty assignment, an issue with respect to outside employment, an issue regarding whether a member has waived GML § 207-a benefits, or any other dispute concerning initial or continued entitlement to GML § 207-a benefits, the matter may be submitted directly to binding arbitration pursuant to the grievance and arbitration procedure contained in the collective bargaining agreement, except that the cost for services of the arbitrator shall be borne equally by the City and the member. The arbitrator shall have authority to review the facts and applicable law and issue an award on the issues appropriately submitted to arbitration under this GML § 207-a procedure. The burden of going forward with regard to the subject of the hearing shall be upon the party who has initiated the change in status.

B. A hearing shall be held within thirty (30) days of appointment of an arbitrator except that the deadline may be extended upon mutual consent in writing. The arbitrator shall render a decision within ten (10) days of the hearing date. The arbitrator's determination shall be based upon the submissions made at hearing, and the parties shall not be permitted to submit post-hearing briefs or arguments, unless mutually agreed to.

C. The parties shall have the option, upon mutual consent and whenever practicable, to submit their respective evidence and positions to the arbitrator upon a stipulated record and written arguments, without necessity of hearing. In this case, such submission shall be made to the arbitrator on or before the thirtieth (30th) day, measured from the date of the arbitrator's appointment.

D. The determination of the arbitrator shall be final and binding on the City and the member, but shall not preclude further review at a subsequent date based upon new or supplemental medical or other information. The cost of the arbitration shall be borne equally by the City and the member. The costs of any transcript or medical testimony shall be borne by the person/party requesting the same.

Section 7. Disability Retirement

Consistent with GML § 207-a, the City may file an application on the member's behalf for retirement under Sections 363 or 363-c of the New York State Retirement and Social Security Law. Any injured or sick member who is receiving GML § 207-a benefits shall permit reasonable medical inspections in connection with such an application for accidental disability retirement or performance of duty disability retirement.

Section 8. Outside Employment

A. Any firefighter receiving payments or benefits under GML § 207-a, who engages in any employment other than as expressly permitted under such section, shall as of the commencement of such employment, forfeit his entitlement to any payments and benefits hereunder, and any such payment or benefit unlawfully received by such firefighter shall be refunded to and may be recovered by the City in accordance with applicable law.

B. A member receiving GML § 207-a payments or benefits must cooperate with an investigation undertaken by the City for purposes of verifying outside employment. In this regard, upon request, the member must provide the City with a W-2 form or tax returns or other proof if reasonably requested in this regard. The member may redact irrelevant information from the income tax information requested by the City, e.g., spousal income.

C. If the City determines that a member has engaged in disqualifying outside employment while simultaneously receiving salary pursuant to GML § 207-a, the City shall provide written notice of such determination. The notice shall specify, in detail, any and all reasons and the factual basis for those reasons for the determination, and to the extent possible, an assessment of damages, if any, due to the City under GML § 207-a. In the event the City cannot determine damages, it may file a grievance in accordance with Section f above. In such case, the arbitrator shall have the final authority to determine the amount of payments and benefits to be reimbursed, if any, and direct the manner in which such reimbursement shall be made.

D. A member may appeal a City's determination that the member has engaged in disqualifying outside employment or assessment of damages pursuant to Section f herein.

E. Additionally, the City shall have the right to discipline the member subject to the provisions of the collective bargaining agreement.

Section 9. Hazardous Exposure

A. A member who reasonably believes he/she may have been exposed to a health hazard, e.g., AIDS, Hepatitis-B, biological or chemical toxins, etc., as a result of the performance of his or her duties, shall file an exposure form at the time of the exposure or promptly thereafter. If the member is unable to file such form, the City shall cause the same to be completed on his/her behalf. The City will maintain the exposure form in the member's personnel file.

B. If a member claims a job-related injury due to exposure to a health hazard, he or she must comply with the requirements of this Article.

Section 10. Exclusivity of Procedures

These procedures are the sole exclusive procedures for determining a member's eligibility for benefits under GML § 207-a. Nothing contained in these procedures shall expand or diminish any member's right to benefits under GML § 207-a.
