TITLE OF BILL: An act to amend the civil service law, in relation to the minimum qualifications to serve as a fire chief in any fire department, fire district or fire protection district that employs five or more paid firefighters

PURPOSE OR GENERAL IDEA OF BILL:

To require all fire chiefs in any fire department with five or more paid fire fighters to have minimum qualifications.

SUMMARY OF SPECIFIC PROVISIONS:

Section 1. Subdivision 6 of Section 58-a of the Civil Service Law is amended to read as follows:

6. The provisions of this section shall not apply to appointments made by any county, city, village or fire district which employs fewer than five fire fighters.

Section 2. Section 58-a of the civil service law, is amended by adding a new subdivision 7 to read as follows:

7. Notwithstanding any other provision of this law or any general, special or local law to the contrary, no person shall be eligible for provisional or permanent appointment as a fire chief other than those chiefs employed by a fire department of cities with a population of one million or more unless he or she shall:

(a) satisfy the basic requirements for education, health and physical fitness established by the state fire administrator pursuant to section one hundred fifty-eight of the executive law;

(b) has successfully completed training and education courses of minimum contact hour criteria approved by the State Fire Administrator and received certification for Supervisory Level 1 or higher pursuant to 19 NYCRR 427.9.

Section 3. This act shall take effect on the thirtieth day after it shall have become a law and shall apply to any appointment as a fire chief established on or after such date.

JUSTIFICATION:

This legislation creates critical, yet basic, education, health and

physical fitness training benchmarks for fire chiefs in any fire department, fire district, or fire protection district that employs five or more paid fire fighters in areas outside of New York City. In addition, this legislation required a minimum of five years as a lieutenant or higher prior to being promoted to chief. This ensures a transition where fire chiefs are learning necessary leadership skills at different levels within the organization.

Currently, in New York State there are no training requirements to become a fire chief of a combination department (mix of volunteers and professional firefighters). This potential lack of training or understanding of fire situations can seriously jeopardize the lives of the brave men and women on the scene of a fire under the direction of the chief.

LEGISLATIVE HISTORY:

New bill.

FISCAL IMPLICATIONS:

None.

EFFECTIVE DATE:

This act shall take effect on the thirtieth day after it shall have become a law and shall apply to any appointment as a fire chief established on or after such date.

April 25, 2018

Introduced by Sen. GOLDEN -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the civil service law, in relation to the negotiability of discipline affecting public employees

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and declarations. The legislature
2 hereby finds, declares and reaffirms that the 1967 Public Employees'
3 Fair Employment Act establishes that the public policy of the state, and
4 the purpose of the act, is to promote harmonious and cooperative
5 relationships between government and its employees and to protect the
6 public by assuring, at all times, the orderly and uninterrupted opera-
7 tion and functions of government. Included among the policies adopted
8 was the requirement that the state, local governments, and other poli-
9 tical subdivisions negotiate and enter into agreements with employee
10 organizations about terms and conditions of employment. Over the many
11 years subsequent to the enactment of such act, the negotiability of
12 discipline, including disciplinary procedures, has been fully endorsed
13 by the public employment relations board and disciplinary procedures
14 have been incorporated into collective bargaining agreements throughout
15 the state. The legislature now declares that this practice of negotiat-
16 ing fair disciplinary protections and procedures for public employees
17 must continue.

18 A recent court of appeals' decision involving police officers in the
19 city of Schenectady has erroneously declared that the "public policy" of
20 the state is to prohibit absolutely the negotiation of disciplinary
21 procedures in certain places where there exist legislative enactments on
22 the subject of discipline. The legislature declares a necessity for the
23 enactment of this act to ensure that discipline, including disciplinary
24 procedures, will continue as a mandatory subject of collective negoti-
25 ation, and that collective bargaining agreements addressing that subject
26 remain valid and enforceable and to enhance the prohibition against
27 strikes and the protection against the destruction of vital public
28 services delivered by public employees throughout the state.

1 § 2. Subdivision 4 of section 201 of the civil service law, as amended
2 by chapter 606 of the laws of 1992, is amended to read as follows:

3 4. The term "terms and conditions of employment" means salaries,
4 wages, hours, discipline, disciplinary procedures including alternatives
5 to any statutory disciplinary system, provided, however, that any right
6 of a public employee under the terms of any state law to elect coverage
7 under either a statutory disciplinary system or a disciplinary system
8 established by collective negotiations shall not be impaired, unless any
9 such state law authorizes exclusivity of a negotiated disciplinary
10 system and provided further that no provision contained in the town law,
11 general city law, second class cities law, general municipal law, munic-
12 ipal home rule law, county law, or other state, local, special law or
13 charter provision or this chapter shall prevent or impair the right to
14 collective bargaining for or to modify disciplinary procedures, and
15 other terms and conditions of employment provided, however, that such
16 term shall not include any benefits provided by or to be provided by a
17 public retirement system, or payments to a fund or insurer to provide an
18 income for retirees, or payment to retirees or their beneficiaries. No
19 such retirement benefits shall be negotiated pursuant to this article,
20 and any benefits so negotiated shall be void.

21 § 3. Section 204-a of the civil service law is amended by adding a new
22 subdivision 4 to read as follows:

23 4. The terms of any current or expired agreement or interest arbi-
24 tration award between any public employer and any public employee organ-

BILL NUMBER: S8270

SPONSOR: GOLDEN

TITLE OF BILL:

An act to amend the civil service law, in relation to the negotiability of discipline affecting public employees

PURPOSE OR GENERAL IDEA OF BILL:

To preserve the ability of competitive class public employees to negotiate disciplinary procedures that affect them in their employment.

SUMMARY OF SPECIFIC PROVISIONS:

This bill amends the Civil Service Law to modify the language relied on by several courts in holding disciplinary procedures to be outside the protection of the Taylor Law where any other law commits discipline to the discretion of local officials and to make clear that police officers and fire fighters and all other competitive class public employees in this state are entitled to collectively bargain the disciplinary procedures that affect them in their employment. The bill would also restore the provisions of any collective bargaining agreements or interest arbitration awards between public employers and public employee organizations relative to discipline that were invalidated by judicial or administrative decisions.

JUSTIFICATION:

The fundamental purpose of the Taylor law adopted in 1967 was to make all terms and conditions of employment in the public sector subject to collective bargaining. Early Taylor Law decisions established that disciplinary procedures were terms and conditions of employment subject to collective bargaining, and many collective bargaining agreements containing disciplinary provisions and procedures were adopted across the state, including those negotiated by police and fire labor unions. Over time, a series of judicial decisions, including most notably several cases decided by the Court of Appeals, found a countervailing policy in favor of strong local control of discipline to override the public policy expressed in the Taylor Law favoring the collective bargaining of all terms and conditions of employment. However, the Taylor Law did not repeal or modify any local law or charter provisions vesting control of discipline in local authorities. The Court of Appeals in its decisions also noted that the several statutes also contained provisions favoring the local control of police and fire discipline that would override the Taylor Law presumption of negotiability.

Thus, at the present time, all police officers and fire fighters in cities, towns and villages across the state have had their contractual disciplinary procedures taken away from them without compensation and are subject to autocratic local control of the discipline of their members without even the rudimentary protections provided in sections 75 and 76 of the Civil Service Law which were adopted in 1958, 9 years prior to the Taylor Law. Every police officer and fire fighter employed in any town or village in the State of New York that has not already been divested of his contractual disciplinary procedure is subject to immediate divestment by the simple expedient of the passage by the town or village that employs him of a local law declaring local control over police and fire discipline.

This bill would legislatively overrule the judicial decisions on this issue declaring it to be the public policy of the State of New York that all terms and conditions of public employment including police and fire discipline are subject to mandatory negotiability under the Taylor Law. It would also restore those collective bargaining provisions that were previously declared invalid on grounds of public policy by prior judicial or administrative decisions.

AN ACT to amend the civil service law, in relation to the negotiability of disciplinary procedures affecting employees in the competitive class of civil service of the state of New York or any civil division thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and declarations. The Taylor Law
2 requires collective bargaining over all "terms and conditions of employ-
3 ment." Our courts have often stressed the importance of this policy and
4 have made clear that "the presumption...that all terms and conditions of
5 employment are subject to mandatory bargaining" cannot easily be over-
6 come. In the Matter of Patrolmen's Benevolent Association of the City of
7 New York, Inc. v. New York State Public Employment Relations Board, 6
8 N.Y. 3d 563 at 572 (2006) (Hereinafter NYC PBA case). However, while
9 paying homage to our state's strong and sweeping policy to support
10 collective bargaining of all terms and conditions of employment under
11 the Taylor Law, the Court of Appeals in the case cited above held that
12 that policy must yield to any other legislation which specifically
13 commits police discipline to the discretion of local officials, includ-
14 ing the New York City charter, the Rockland County Police Act, section
15 155 of the town law and section 8-804 of the village law, provided only
16 that those laws were passed prior to 1958 when Sections 75 and 76 of the
17 civil service law providing minimum or back-stop provisions for due
18 process disciplinary procedures for public employees were enacted. In
19 doing so, the court cited specifically to the first sentence of subdivi-
20 sion 4 of section 76 of the civil service law which says that sections
21 75 and 76 of the civil service law shall not be construed to repeal or
22 modify pre-existing laws relating to the removal or suspension of offi-
23 cers or employees in the competitive class of the civil service of the
24 state or any civil division.

26 tions of employment subject to collective bargaining, matters pertaining

1 to employee discipline, including disciplinary procedures, have been
2 negotiated into many collective bargaining agreements in municipalities
3 across the state covering all types of public employees, including
4 police officers. Those agreements were honored until 2006 when the NYC
5 PBA case was decided. The impact of the NYC PBA case has been to deprive
6 many, but not all, police officers of the right to enforce their negoti-
7 ated disciplinary procedures and of the right to collectively bargain
8 with regard to matters pertaining to discipline in the future that all
9 other public employees enjoy. The purpose of this act is to expressly
10 overrule this decision and those that have followed it and to replace
11 them with a legislative declaration that police officers and all other
12 competitive class public employees in the state of New York are entitled
13 to collectively bargain with respect to all matters pertaining to disci-
14 pline and, in the absence of a negotiated procedure, to at least the
15 minimum due process protections provided by sections 75 and 76 of the
16 civil service law.

17 § 2. Subdivision 4 of section 76 of the civil service law, as amended
18 by chapter 283 of the laws of 1972, is amended and a new subdivision 5
19 is added to read as follows:

20 4. [~~Nothing contained in section seventy-five or seventy-six of this~~
21 ~~chapter shall be construed to repeal or modify any general, special or~~
22 ~~local law or charter provision relating to the removal or suspension of~~
23 ~~officers or employees in the competitive class of the civil service of~~
24 ~~the state or any civil division. Such sections may be supplemented,~~
25 ~~modified or replaced by agreements negotiated between the state and an~~
26 ~~employee organization pursuant to article fourteen of this chapter.~~
27 ~~Where such sections are so supplemented, modified or replaced, any~~
28 ~~employee against whom charges have been preferred prior to the effective~~
29 ~~date of such supplementation, modification or replacement shall continue~~
30 ~~to be subject to the provisions of such sections as in effect on the~~
31 ~~date such charges were preferred.] This section or section seventy-five
32 of this title shall be construed to repeal or modify any general,
33 special or local law or charter provision relating to the removal or
34 suspension of officers or employees in the competitive class of the
35 civil service of the state or any civil division. This section and
36 section seventy-five of this title may be supplemented, modified or
37 replaced by agreements negotiated between the state or any political
38 subdivision thereof and an employee organization pursuant to article
39 fourteen of this chapter. Where such sections are so supplemented, modi-
40 fied or replaced, any employee against whom charges have been preferred
41 prior to the effective date of such supplementation, modification or
42 replacement shall continue to be subject to the provisions of such
43 sections as in effect on the date such charges were preferred.~~

44 5. The terms of any current or expired collective bargaining agreement
45 or interest arbitration award between any public employer and any public
46 employee organization relating to any aspect of police officer disci-
47 pline which were invalidated or rendered unenforceable by any decision,
48 order or judgement of any court, administrative agency or other adju-
49 dicatory tribunal on grounds of public policy shall be deemed valid from
50 the date any such agreements or awards were first reached or issued, and
51 those agreements or awards shall be applied and enforced as to any
52 disciplinary charges pending on the effective date of this subdivision
53 and to any disciplinary charges filed thereafter.

BILL NUMBER: S8152

SPONSOR: GOLDEN

TITLE OF BILL:

An act to amend the civil service law, in relation to the negotiability of disciplinary procedures affecting employees in the competitive class of civil service of the state of New York or any civil division thereof

PROVISIONS OF THE BILL:

This bill amends Section 76 of the Civil Service Law to modify the language of subpart 4 thereof relied on by several courts in holding disciplinary procedures to be outside the protection of the Taylor Law where any other law commits discipline to the discretion of local officials and to make it clear that police officers and all other competitive class public employees in this state are entitled to collectively bargain the disciplinary procedures that affect them in their employment. The bill would also restore the provisions of any collective bargaining agreements or interest arbitration awards between public employers and public employee organizations relative to discipline that were invalidated by judicial or administrative decisions since the Matter of Patrolmen's Benevolent Association of The City Of New York, Inc. v. New York State Public Employment Relations Board (New York City PBA case") was decided in 2006.

JUSTIFICATION:

The fundamental purpose of the Taylor Law adopted in 1967 was to make all terms and conditions of employment in the public sector subject to collective bargaining. Early Taylor Law decisions established that disciplinary procedures were terms and conditions of employment subject to collective bargaining, and many collective bargaining agreements containing disciplinary provisions and procedures were adopted across the state, including those negotiated by police labor unions. Over time, a series of judicial decisions, including most notably the New York City PBA case decided by the Court of Appeals in 2006, found a countervailing policy in favor of strong local control of discipline to override the public policy expressed in the Taylor Law favoring the collective bargaining of all terms and conditions of employment based on language in the current section 76(4) to the effect that sections 75 and 76 did not repeal or modify any local law or charter provisions vesting control of discipline in local authorities. Although the New York City PBA case involved the New York City Charter and the Rockland County Police Act, the Court in its decision also noted that the Town Law and the Village Law also contained provisions favoring the local control of police discipline that would override the Taylor Law presumption of negotiability.

Thus, at the present time, all police officers in the City of New York, in Rockland County, and numerous other towns and villages across the state have had their contractual disciplinary procedures taken away from them without compensation and are subject to autocratic local control of the discipline of their members without even the rudimentary protections provided in sections 75 and 76 of the Civil Service Law which were adopted in 1958, 9 years prior to the Taylor Law. Every police officer employed in any town or village in the State of New York that has not already been divested of his contractual disciplinary procedure is subject to immediate divestment by the simple expedient of the passage by the town or village that employs him of a local law declaring local control over police discipline.

This bill would legislatively overrule the judicial decisions on this issue and would belatedly make sections 75 and 76 of the Civil Service Law consistent with the Taylor Law by declaring it to be the public policy of the State of New York that all terms and conditions of public employment including police discipline are subject to mandatory negotiability under the Taylor Law. It would also restore those collective bargaining provisions that were previously declared invalid on grounds of public policy by prior judicial or administrative decisions.

TITLE OF BILL: An act to amend the insurance law, in relation to the distribution of fire insurance premium taxes

PURPOSE OR GENERAL IDEA OF BILL:

This bill provides funds for the New York State Professional Firefighters Association to promote, support and maintain the well-being of paid professional firefighters.

SUMMARY OF PROVISIONS:

Section one amends paragraph 1 of subsection (d) of section 9105 of the insurance law. This bill reallocates one percent of remaining monies received under the provisions of section 9105 to the New York State Professional Firefighters Association instead of the Fireman's Association of the State of New York, which would receive nine percent instead of ten percent.

Section two provides that this act shall take effect immediately and shall apply to all monies received by the superintendent of financial services pursuant to section 9105 of the insurance law starting with monies received on or after April 1, 2019.

JUSTIFICATION:

The Fireman's Association trains and educates firefighters; the Professional Firefighters Association is a representative organization of the common interests of firefighters from across the state. Both the Fireman's Association and the Professional Firefighters Association serve important yet distinct purposes. This bill provides funds for the Professional Firefighters Association to ensure that firefighters are not just educated and trained, but that their workplace is safe and efficient.

31 § 3. This act shall take effect July 1, 2018.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: The enactment of this proposed legislation would amend General Municipal Law (GML) Section 208-f(c) to increase certain Special Accidental Death Benefits (SADB) for surviving spouses, dependent children, and certain other individuals (Eligible Beneficiaries) of former uniformed employees of the city of New York and the New York City Health and Hospitals Corporation, and for certain former employees of the Triborough Bridge and Tunnel Authority, who were members of certain New York City Pension Funds or Retirement Systems (NYCRS) and died as a natural and proximate result of an accident sustained in the performance of duty.

Effective Date for this proposed legislation: July 1, 2018.

IMPACT ON BENEFITS - SADB RECIPIENTS: With respect to the NYCRS, the proposed legislation would impact the SADB payable to certain survivors of members of the:

- * New York City Employees' Retirement System (NYCERS),
- * New York City Police Pension Fund (POLICE), or
- * New York City Fire Pension Fund (FIRE),

and who were employed by one of the following employers in certain positions:

- * New York City Police Department - Uniformed Position,
- * New York City Fire Department - Uniformed Position,
- * New York City Department of Sanitation - Uniformed Position,
- * New York City Housing Authority - Uniformed Position,
- * New York City Transit Authority - Uniformed Position,

S. 7158--B

4

- * New York City Department of Correction - Uniformed Position,
- * New York City - Uniformed Position as Emergency Medical Technician (EMT),

- * New York City Health and Hospitals Corporation - Uniformed Position as EMT, or

- * Triborough Bridge and Tunnel Authority - Bridge and Tunnel Position.

DESCRIPTION OF BENEFITS PAYABLE: Under the GML, the basic SADB is defined as:

The salary of the deceased member at date of death (or, in certain instances, a greater salary based on a higher rank or other status) (Final Salary), less the following payments to an Eligible Beneficiary:

- * Any NYCERS death benefit as adjusted by any Supplementation or Cost-of-Living Adjustment (COLA),

- * Any Social Security death benefit, and

- * Any Workers' Compensation benefit.

The SADB is paid to the deceased member's surviving spouse, if alive. If the spouse is no longer alive, the SADB is paid to the deceased member's children until age eighteen or until age twenty-three of a student. If neither spouse nor a dependent child is alive, the SADB may be paid to certain other individuals, if eligible, in accordance with certain laws related to the World Trade Center attack.

The GML also provides that the SADB is subject to escalation based on the calendar year in which the former member died. The SADB has traditionally been increased by a cumulative, incremental percentage of Final Salary based on the calendar year of the member's death.

Under the proposed legislation, effective July 1, 2018, an additional 3.0% of Final Salary would be applied to the SADB paid due to deaths occurring in each calendar year on and after 1977. The SADB for deaths occurring prior to 1977 would receive the same escalation as deaths occurring in 1977.

FINANCIAL IMPACT - EMPLOYER PAYMENTS: With respect to the NYCERS, the additional annual employer payments expected to be paid during the first year, if the proposed legislation is enacted, would equal approximately \$3.4 million.

As a result of the past four decades' practice of providing 3.0% COLAs on the SADB each year, and the likelihood that COLAs will continue to be granted in the future, the NYCERS Preliminary Fiscal Year 2018 employer contributions reflected, for the first time, the value of the SADB provided pursuant to GML Section 208(f) with an annual escalation assumption of 3.0%. Since then, the Actuary has continued to include the liability for SADB benefits and the assumed future annual escalation increases of 3.0%, including the additional cost associated with this proposed legislation, in NYCERS employer contributions. Therefore, the costs of this proposed legislation have already been accounted for and will not result in a further increase in employer contributions. Conversely, should this proposed legislation fail to pass, NYCERS employer contributions would decrease by approximately \$400,000 per year for 14 years beginning in Fiscal Year 2021 as a result of an actuarial gain.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES OF BENEFITS (APVB): With respect to Eligible Beneficiaries of deceased NYCERS members who would be impacted by this proposed legislation, under the actuarial assumptions used in the NYCERS June 30, 2016 (Lag) actuarial valuations, including an annual Actuarial Interest Rate (AIR) assumption of 7.0%, the enactment of this proposed legislation would increase the APVB by approximately \$36.9 million as of June 30, 2018.

S. 7158--B

5

OTHER COSTS: Enactment of this proposed legislation would also be expected to result in modest increases in administrative expenses of NYCERS, POLICE and FIRE, their participating employers, and certain New York City agencies.

CENSUS DATA: The financial impact of the proposed legislation is based upon the census data for such Eligible Beneficiaries provided by the NYCERS.

TOTAL ACCIDENTAL DEATH BENEFIT PAID BY THE NYCERS

Retirement System	Number of Deceased Members with Eligible Survivors	Annual Accidental Death Benefit Prior to Proposed July 1, 2018 Increase (\$ Millions)
NYCERS	36	\$2.8
POLICE	367	38.8
FIRE	<u>621</u>	<u>70.6</u>
Total	1,024	\$112.2

ACTUARIAL ASSUMPTIONS AND METHODS: The increase in the APVB presented herein has been calculated based on the same actuarial assumptions and methods in effect for the June 30, 2016 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2018 employer contributions of NYCERS, POLICE and FIRE, including an annual Actuarial Interest Rate (AIR) assumption of 7.0% (net of Investment Expenses). Please note these assumptions and methods are subject to change as this valuation is not considered final until the end of the City's Fiscal Year 2018.

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974 (ERISA), a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures, and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2018-02 dated January 31, 2018, was prepared by the Chief Actuary for the New York City Employees' Retirement System, the New York City Police Pension Fund and New York City Fire Pension Fund. This estimate is intended for use only during the 2018 Legislative Session.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend both the General Municipal Law and the Retirement and Social Security Law to increase the salary used in the computation of the special accidental death benefit by 3% in cases where the date of death was before 2018.

Insofar as this bill would amend the Retirement and Social Security Law, it is estimated that there would be an additional annual cost of approximately \$493,000 above the approximately \$11.3 million current annual cost of this benefit. This cost would be shared by the State of New York and all participating employers of the New York State and Local Police and Fire Retirement System.

TITLE OF BILL: An act to amend the general municipal law and the retirement and social security law, in relation to increasing certain special accidental death benefits

PURPOSE OR GENERAL IDEA OF BILL:

This legislation extends the escalation of a cost of living increase of approximately 3% for all line-of-duty widows or widowers for fiscal year 2018-19.

SUMMARY OF PROVISIONS:

This bill amends subdivision c of section 208-f of the General Municipal Law as amended by Chapter 76 of the Laws of 2017 and subdivision c of section 361-a of the Retirement and Social Security Law, as amended by Chapter 76 of the Laws of 2017.

EXISTING LAW:

The law allows special accidental death benefits to be paid to a deceased members' widow or widower, or children under the age of eighteen or, if a student, under the age of twenty-three, in accordance with the stated schedule.

JUSTIFICATION:

Since 1978, the Legislature has passed and the Governor signed into law a cost of living increase and a one-year escalation for all New York State widows and widowers of police officers and firefighters killed in the line-of-duty. The intent of the original 1978 law was to increase their benefits to an amount that would reflect the impact of inflation. However, the law did not provide for any new cost of living increase after July 1, 1979.

Since that date, the cost of living has increased well over 3% each year, including some periods of double-digit inflation. These same widows and widowers are no longer receiving adequate benefits. This Legislation does not totally cover the present inflation spiral, but it at least provides some increased relief to the widows and widowers of New York State's bravest citizens, who gave their lives in service to the people of New York State. In the past, these brave families have faced a poverty stricken existence.

This legislation would prevent the return of that deplorable state of affairs. As with previous legislation, there is no cost to the localities, as the state would reimburse them for this small increase.

AN ACT to amend the executive law, in relation to reporting by the office of fire prevention and control

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 17 of section 156 of the executive law, as
2 added by chapter 615 of the laws of 2006, is amended to read as follows:
3 17. Issue a written report to the governor and legislature, on or

BILL NUMBER: S6235

TITLE OF BILL: An act to amend the executive law, in relation to reporting by the office of fire prevention and control

PURPOSE:

This bill will ensure the safety of all paid and volunteer fire fighters, by updating the reporting requirements in relation to training and qualifications.

SUMMARY OF PROVISIONS:

Section 1 Paragraph 17 of section 156 of the executive law is amended to read as follows:

17. Issue a written report to the governor and legislature, on or before February fifteenth of each year, on firefighter training activities. Such report shall include at least the following information: the minimum training hours allocated on a county-by-county basis, the training hours requested by each county, any unfulfilled training hour requests, the number of hours used by each county on a county-by-county basis, and a statewide total of the number of hours allocated to each firefighter. Such report shall also identify the fire department or district providing the training including the number of hours of training and the type of training for each firefighter. In addition, such report shall also list the names of those firefighters qualified to do interior firefighting. The written report shall be prominently posted on the division of homeland security and emergency services website no later than March first of each year.

Section 2 states the effective date.

JUSTIFICATION:

This legislation requires the Office of Fire Prevention and Control (OFPC) to calculate the names and hours of all firefighters in New York State qualified for interior firefighting and for that information to be posted and updated annually on the New York State Division of Homeland Security and Emergency Services website.

Ensuring appropriate recordkeeping and public notification of which firefighters in New York State have the appropriate and type of training to qualify for interior firefighting is a critical and commonsense public safety measure. This legislation will create a very clear understanding of the specific tasks and duties each firefighter is approved

to handle at a fire or emergency situation.

Very often, smaller fire districts, departments, and companies do not have the ability, space or personnel to appropriately retain an appropriate recordkeeping of their firefighters. New York State Comptroller Thomas DiNapoli has recognized the need for more transparency for fire protection costs and his office released a March 2017 report titled, Fire Protection in New York State: How Is It Provided in Your Community?, which noted: "Many of these entities are quite small and - as noted above - run by part-time and volunteer staff. While many of these organizations do a good job of maintaining financial records, there have

been instances where weak internal controls or lack of governing board oversight have led to negative outcomes."

A statewide collection and reporting system will add to increased safety and transparency. OFPC is already required to issue an annual written report to the governor and legislature on firefighter training activities and this legislation would simply add additional and critical information to the existing report.

AN ACT in relation to affecting the health insurance benefits and
contributions of certain retired public employees

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. From May 1, 2008 until May 15, 2018, a public employer
2 shall be prohibited from diminishing the health insurance benefits
3 provided to retirees and their dependents or the contributions such
4 employer makes for such health insurance coverage below the level of
5 such benefits or contributions made on behalf of such retirees and their
6 dependents by such employer unless a corresponding diminution of bene-
7 fits or contributions is effected from the appropriate level as of May
8 1, 2008 during this period by such employer from the corresponding group
9 of active employees for such retirees. For the purpose of this act,
10 "public employer" shall mean the following: (i) the state; (ii) a coun-
11 ty, city, town or village; (iii) a school district, board of cooperative
12 educational services, vocational education and extension board or a
13 school district as enumerated in section 1 of chapter 566 of the laws of
14 1967, as amended; (iv) any governmental entity operating a college or

BILL NUMBER: A1444

TITLE OF BILL: An act in relation to affecting the health insurance benefits and contributions of certain retired public employees

PURPOSE OR GENERAL IDEA OF BILL:

This bill prohibits the diminution of health insurance benefits of public employee retirees.

SUMMARY OF SPECIFIC PROVISIONS:

The bill enacts an unconsolidated law which, for the period May 1, 2008 until May 15, 2018, prohibits a public employer from diminishing the health insurance benefits provided to retirees and their dependents or reducing the contributions that the public employer makes toward these benefits, unless also making an equivalent change for active employees.

EXISTING LAW:

Chapter 729 of the Laws of 1994, as last amended by Chapter 22 of the Laws of 2007, provides this protection for retirees of school districts.

JUSTIFICATION:

Health insurance coverage is a critical issue for retirees, who often face tremendous health care costs at a time of severely diminished income. Continuation of health insurance after retirement is provided for some retirees by statute and for some others by union contract. This legislation seeks to protect health insurance coverage for all public sector retirees. It provides that a public employer may not unilaterally reduce benefit coverage or employer contributions unless making a parallel reduction for active employees. This does not prevent public employers from reducing benefits as a cost-cutting measure, but does, in effect; require that any such reductions be the result of union negotiations. Absent this, the Taylor Law prohibits public employee unions from negotiating on behalf of retirees. This bill also specifically recognizes union contracts which may, now or in the future, provide stronger benefits for retirees covered by the contracts. A similar law has protected school district retirees since 1994.

PRIOR LEGISLATIVE HISTORY:

None.

FISCAL IMPLICATIONS:

None. This is not a fiscal mandate, as the State remains free to reduce health insurance costs either through amendments to the Civil Service law or through public employee negotiations.

LOCAL FISCAL IMPLICATIONS:

Same as State fiscal implications (above).

EFFECTIVE DATE:

This act shall take effect immediately and shall be deemed to have been in full force and effect on and after May 1, 2008.

AN ACT to amend the real property tax law, in relation to state aid for certain towns adversely affected by a concentration of tax exempt property

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The real property tax law is amended by adding a new
2 section 532-a to read as follows:

3 § 532-a. Certain lands subject to state payments. In any city, town,
4 village or fire district in which the total amount of tax exempt proper-
5 ty represents more than thirty-five percent, by value, of the total
6 amount of property in such city, town, village or fire district, the
7 state shall pay a sum, subject to budgetary appropriation, as follows:

8 1. Fifty percent of such sum shall be paid to each eligible city,
9 town, village or fire district in proportion to such entity's population
10 relative to the population of all such eligible entities; and

11 2. Fifty percent of such sum shall be paid based on the value of tax
12 exempt property in each eligible city, town, village or fire district as
13 a percentage of the value of all tax exempt property in all such eligi-
14 ble entities.

15 § 2. This act shall take effect immediately and shall apply to assess-
16 ment rolls prepared on the basis of taxable status dates occurring on

BILL NUMBER: S745

SPONSOR: RITCHIE

TITLE OF BILL:

An act to amend the real property tax law, in relation to state aid for certain towns adversely affected by a concentration of tax exempt property

PURPOSE:

This bill creates a new category of state aid for certain towns based on the amount of tax exempt property in their jurisdiction.

SUMMARY OF PROVISIONS:

Section 1 amends the Real Property Tax Law by adding a new Section 532-a providing that for any city, town, village, or fire district to be eligible for a new category of state aid at least 35 percent of the real property in the city, town, village, or fire district, by value, must be exempt from taxation. The funds available to assist eligible cities, towns, villages, or fire districts are allocated based on a formula. Fifty percent of the distribution is based on the town's population. The remaining 50 percent is based on the amount of tax exempt property in the town.

Section 2 is the effective date.

JUSTIFICATION:

Real property taxes are the main way local governments are able to raise revenue and provide necessary services to the residents of their city, town, village, or fire district. When a large concentration, over 35 percent by value, of the property in a city, town, village, or fire district, is exempt from taxation, there is a significant portion of land for which real property taxes cannot be collected to support the services provided by the locality. This significantly reduces the property tax base and limits the number of property owners that pay taxes to support the town's services. This places an increased burden on the taxpayers for support of a city's, town's, village's, or fire district's services.

This bill will aid the taxpayers and the cities, towns, villages, and fire districts, that have a significantly high amount of real property that is exempt from taxation by allowing the state to appropriate and distribute funds, based upon a formula, to the towns which have a significantly high amount, over 35 percent by value, of real property

that is exempt from taxation.

LEGISLATIVE HISTORY:

2015-2016: S.1821/ A.1026
2013-2014: S.4605/ A.1079

FISCAL IMPLICATIONS:

Subject to budgetary appropriation.

EFFECTIVE DATE:

This bill shall take effect immediately and shall apply to assessment rolls prepared on the basis of taxable status dates occurring and after the date on which this act shall have become a law.

2017-2018 Regular Sessions

IN SENATE

January 19, 2017

Introduced by Sen. DeFRANCISCO -- read twice and ordered printed, and when printed to be committed to the Committee on Judiciary

AN ACT to amend the civil practice law and rules, in relation to enacting the "local government jobs and revenue protection act of 2017"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "local
2 government jobs and revenue protection act of 2017."

3 § 2. Legislative intent. New York state, New York city and county
4 governments throughout the state are the recipients of hundred of
5 millions of dollars each year under the master settlement agreement. The
6 total of all master settlement payments to these governments over the
7 years has so far exceeded fourteen billion dollars. These funds are
8 vitally important and any disruption in these payments would put the
9 recipients at financial risk. The legislature hereby finds that it is in
10 the public interest to enact the "local government jobs and revenue
11 protection act of 2017" in order to continue the flow of these funds to
12 the state and local governments which depend on this revenue during the
13 appeal of a judgement against master settlement agreement signatories,
14 affiliates, successors and non-participating manufacturers.

15 § 3. The civil practice law and rules is amended by adding a new
16 section 5519-a to read as follows:

17 § 5519-a. Stay of enforcement for tobacco product master settlement
18 agreement participating or non-participating manufacturers or their
19 successors or affiliates. (a) In civil litigation under any legal theory
20 involving a participating manufacturer or a non-participating manufac-
21 turer, as those terms are defined in the master settlement agreement, or
22 any of their successors or affiliates, the undertaking required during
23 the pendency of all appeals or discretionary reviews by any appellate

2 set pursuant to the applicable provisions of law or court rules;
3 provided, however that the total undertaking required of all appellants
4 collectively shall not exceed two hundred fifty million dollars, regard-
5 less of the value of the judgment appealed.

6 (b) Notwithstanding the provisions of subdivision (a) of this section,
7 upon proof by a preponderance of the evidence, by an appellee, that an
8 appellant is dissipating assets outside the course of ordinary business
9 to avoid payment of a judgment, a court may require the appellant to
10 post a bond in an amount up to the total amount of the judgement.

BILL NUMBER: S3129

Revised 12/05/17

SPONSOR: DEFRANCISCO

TITLE OF BILL:

An act to amend the civil practice law and rules, in relation to enacting the "local government jobs and revenue protection act of 2017"

PURPOSE:

The purpose of this bill is to enact the Local Government Jobs and Revenue Protection Act of 2017 to safeguard the flow of funds under the tobacco master settlement agreement ("MSA") to the state and local governments by limiting the bond that MSA signatories and their successors and affiliates and nonparticipating manufacturers must post to stay the execution of a judgment during appeal to two-hundred fifty million dollars regardless of the value of the judgment.

SUMMARY OF PROVISIONS:

This bill would provide that the maximum aggregate undertaking required staying the execution of a judgment involving a signatory, a successor to a signatory, or an affiliate of a signatory to the MSA or a nonparticipating manufacturer shall not exceed \$250 million. This bill also would provide that a court may require a higher bond in an amount not to exceed the total amount of the judgment if the appellee demonstrates by preponderance of the evidence that a defendant is improperly dissipating assets outside the ordinary course of business in order to avoid payment of a judgment.

For purposes of this bill, the term "master settlement agreement" shall mean the settlement agreement (and related documents) entered into on November 23, 1999 by the state and leading United States tobacco product manufacturers, as defined in Section 1399-00 of the Public Health Codes.

JUSTIFICATION:

Currently the Tobacco Master Settlement Agreement delivers hundreds of millions of dollars in revenues to the state and its localities annually, and it will continue to do so in perpetuity. In 2017 alone, New York State, New York City and other New York Counties received approximately \$617,458,922 under the MSA and total payments to date under the MSA to New York State, New York City and other New York Counties are reaching \$15.2 billion. These funds have either been bonded by recipients or are used each year as a critical funding stream for jobs, programs and infrastructure.

However, the tobacco companies that make payments to the state pursuant to the MSA are involved in extensive litigation, which on occasion produces verdicts in the hundreds of millions or billions of dollars. Many of these large verdicts are reduced or overturned on appeal. But if such a verdict were entered against the tobacco companies in New York, the only way the companies could prevent a plaintiff from collecting on the judgment during the appeal would be to post an undertaking equal to the full amount of the judgment. If the companies could not afford to post an undertaking in this amount, they would be unable to protect their assets and hence their ability to make their MSA payments to the states during the appeal. Thirty-eight states have recognized the possibility that a large undertaking may cause the tobacco companies to be unable to meet their obligations to the states under the MSA, and these states have passed legislation that limits the size of the required undertaking in cases involving large judgments. In addition, five other states do not require a defendant to post an undertaking at all during an appeal, and two states' Supreme Courts have amended their court rules to limit the maximum amount of an undertaking so 90% of the states currently limit the undertaking requirement. Some states have passed legislation that applies to all litigants, while other states have passed legislation that applies only to MSA signatories, successors, and affiliates.

The undertaking limits in most of these states range from \$1 million to \$250 million. By limiting the amount of the undertaking that defendants must post to stay the execution of the judgment during appeal, such legislation guarantees that New York State, New York City and other New York Counties will continue to receive their MSA payments while the MSA signatories, affiliates, successors and nonparticipating manufacturers appeal such a judgment.

This bill would impose a \$250 million limit on the undertaking that MSA signatories, affiliates, successors and nonparticipating manufacturers must post to stay the execution of a judgment in New York. This undertaking limit would not in any way affect the outcome of the appeal or the ultimate ability of the plaintiff to prevail in the appeal. Plaintiffs are protected by the provision in the bill allowing for a higher bond amount up to the full value of the judgment if the court determines that the appellant is dissipating assets to avoid paying a judgment on appeal. This same provision is included in nearly all of the laws passed in thirty-eight other states that place a maximum amount on the size of the undertaking that must be posted in order to stay execution of judgment during an appeal. This legislation thus would not injure plaintiffs in any way, but would merely ensure that the tobacco companies are able fully to utilize their constitutional right to appeal, while protecting the interests of the state, counties, and New York City in the continued receipt of its MSA funds during the course of appeal.

LEGISLATIVE HISTORY:

S.8002 of 2016;
S.249, S.6857 of 2015;
S.3852-B of 2013-2014

FISCAL IMPLICATIONS:

The DOB expects that MSA payments of approximately \$125 million in FY

2018, and \$400 million annually thereafter, will be available for State purposes alone. The 2017-18 Budget directed these funds be used to cover the State's share of Medicaid. The City of New York and remaining New York counties received nearly \$400 million in 2017. Absent this legislation, future payments could be in jeopardy.

EFFECTIVE DATE:

This act shall take effect on the thirtieth day after it shall have become a law, and shall apply to any cause of action pending on or filed on or after such effective date.

AN ACT to prohibit public employers from diminishing the health insurance benefits and contributions of retired public employees

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. On and after the effective date of this act, a public
2 employer shall be prohibited from diminishing the health insurance bene-
3 fits provided to retirees, who retired before, on or after the effective
4 date of this act, and their dependents or the contributions such employ-
5 er makes for such health insurance coverage below the level of such
6 benefits or contributions made on behalf of such retirees and their
7 dependents by such employer as of the retiree's date of retirement. For
8 the purpose of this act, "public employer" shall mean the following: (i)
9 the state; (ii) a county, city, town or village; (iii) any governmental
10 entity operating a college or university; (iv) a public improvement or
11 special district including police or fire districts; (v) a public
12 authority, commission or public benefit corporation; or (vi) any other
13 public corporation, agency, instrumentality or unit of government which
14 exercises governmental power under the laws of this state. The term
15 public employer shall not include any school district, board of cooper-
16 ative educational services, or vocational education and extension board.

17 § 2. Nothing contained in this act shall supersede or diminish the
18 terms of a collective bargaining agreement.

19 § 3. Notwithstanding the provisions of section one of this act to the
20 contrary, a public employer shall be prohibited from diminishing the
21 health insurance benefits provided to retirees who retire after the
22 effective date of this act from positions not subject to a collective
23 bargaining agreement and their dependents, or the contributions such
24 employer makes for such health insurance coverage, below the level of

BILL NUMBER: S8220

SPONSOR: LANZA

TITLE OF BILL: An act to prohibit public employers from diminishing the health insurance benefits and contributions of retired public employees

PURPOSE OR GENERAL IDEA OF BILL:

This bill would prohibit state and local governments from diminishing the health insurance benefits of retirees below the level of benefits that are in place 30 days after this act shall become law.

SUMMARY OF SPECIFIC PROVISIONS:

Section 1: Prohibits the State and local governments from diminishing the health insurance benefits of retirees and their dependents, as well as the employer contribution toward such health insurance, below the level of benefits in place 30 days after this act shall take effect. This bill does not apply to school districts and BOCES because they have been recently covered under the current law.

Section 2: Grants precedence to collective bargaining agreements.

Section 3: Provides for future retirees from positions not subject to a collective bargaining agreement.

Section 4: Ensures that a public employer which does not now offer health insurance benefits to retirees is not required to do so under this bill.

EXISTING LAW:

Chapter 729 of the laws of 1994, as amended by Chapter 22 of the Laws of 2007 and the laws of 2009, prohibits school districts and BOCES from diminishing retiree health insurance benefits, unless there is a parallel diminution affecting active employees. Article XI of the Civil Service Law provides that retirees from the State and participating agencies in the New York State Health Insurance Plan (NYSHIP) shall receive the same health insurance benefits as negotiated with active employees. There is no existing law protecting health insurance benefits of retirees from local governments.

JUSTIFICATION:

Given the increasing costs of health care, health insurance coverage is

of tremendous importance to retirees and their dependents.

Although there have been a number of attempts to protect retiree health coverage, there is no consistent standard for all retirees. Education retirees are now protected by a law. Some workers have retired under union contracts with stronger protections. Many retirees, however, have no protection. This bill creates a uniform standard of protection which applies to all retirees and their dependents, unless covered by a more favorable union contract.

PRIOR LEGISLATIVE HISTORY:

FISCAL IMPLICATIONS:

None. This bill merely requires the State to continue the level of benefits which it is now providing.

EFFECTIVE DATE:

AN ACT to amend the civil service law, in relation to membership dues in an employee organization and signed authorizations for deduction

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. The civil service law is amended by adding a new section
 2 159-d to read as follows:
 3 § 159-d. Membership dues; signed authorization. 1. (a) A public
 4 employer shall commence making deductions of membership dues in an
 5 employee organization pursuant to a public employee's signed authori-
 6 zation as soon as practicable but in no case later than thirty days
 7 after receiving proof of a signed authorization.
 8 (b) Any membership dues in an employee organization deducted from the
 9 salary of a public employee shall be transmitted to the employee organ-
 10 ization as soon as practicable but in no case later than thirty days
 11 after the salary from which it is deducted is paid to the employee.
 12 2. Within thirty days of a public employee first being paid after
 13 being employed or reemployed by a public employer, or within thirty days
 14 of being promoted or transferred to a new bargaining unit, the public
 15 employer shall:
 16 (a) notify the employee organization, if any, that represents that

3 3. (a) Notwithstanding any other provision of law to the contrary, the
4 period of time that an authorization to deduct from the salary of a
5 public employee an amount for the payment of membership dues in an
6 employee organization shall remain in effect shall be the shorter of (i)
7 that set forth in the signed authorization, or (ii) as may be later
8 determined by a court of competent jurisdiction to be constitutionally
9 required or required by law.

10 (b) Notwithstanding any other provision of law to the contrary, the
11 period of time that a public employee shall have to withdraw a signed
12 authorization to deduct from his or her salary an amount for the payment
13 of membership dues in an employee organization prior to it being renewed
14 shall be the longer of (i) that set forth in the signed authorization,
15 or (ii) as may be later finally determined by a court of competent

29 section, as used in this section, the terms "public employee" and
30 "public employer" shall have the same meaning as set forth in section
31 two hundred one of this chapter, and the term "employee organization"
32 shall mean any employee organization, as that term is defined in section
33 two hundred one of this chapter, that has been certified or recognized
34 pursuant to article fourteen of this chapter or other applicable law as
35 the exclusive bargaining representative of public employees. Nothing in
36 this section shall be construed to make the comptroller of the state of
37 New York the public employer of any public employees except as set forth
38 in section two hundred one of this chapter.

39 7. (a) If any clause, sentence, paragraph, or subdivision of this
40 section shall be adjudged by a court of competent jurisdiction to be
41 unconstitutional or otherwise invalid, such judgment shall not affect,
42 impair or invalidate the remainder thereof, but shall be confined in its
43 operation to the clause, sentence, paragraph, or subdivision of this
44 section directly involved in the controversy in which such judgment
45 shall have been rendered.

46 (b) If any clause, sentence, paragraph, or part of a signed authori-
47 zation shall be adjudged by a court of competent jurisdiction to be

BILL NUMBER: S5778A

SPONSOR: ALCANTARA

TITLE OF BILL: An act to amend the civil service law, in relation to membership dues in an employee organization and signed authorizations for deduction

PURPOSE:

To streamline the process for an individual to join a public sector union.

SUMMARY OF PROVISIONS:

Amends the civil service law by adding a new section 159-d, to do the following:

*Requires public employers to process dues authorization cards, to begin making required deductions, and to transmit union dues to the recognized collective bargaining organization within thirty days after the salary from which it was deducted from is paid to the employee.

*Provides that within 30 days of employment or reemployment with a public employer, or promotion and transfers to new bargaining units the employer shall provide the recognized employee organization of the name, job title, work location, work contact information and hours and allow the duly appointed representative to meet with that employee during work time or as provided by the collective bargaining agreement.

*Provides for time periods for authorization to deduction for payment of membership dues shall be the shorter of time set forth on authorization card or a time frame that may be set by future court rulings.

*Provides for time periods for withdrawal of authorization to deduction for payment of membership dues prior to renewal to be the longer of time set forth on authorization card or a time frame that may be set by future court rulings.

*Clarifies the allowable formats under article three of the state technology law that dues authorization forms can take and ensure that such a form will be provided to an employee,

*Provides for a clear system for an individual to withdrawal from payment of membership dues according to terms of the signed authorization card.

*Defines terms according to Article 14 of the Civil Service Law.

*Provides for a severability clause, to ensure that if any parts are found to be invalid the remainder shall be deemed valid

*Provides that if any clause, sentence, paragraph of a signed authorization shall be found unconstitutional or otherwise invalid, all other provisions of existing dues authorization cards will continue to be valid by the terms of such authorization card.

*Provides for an immediate effective date.

JUSTIFICATION:

This legislation will simplify the process for an individual to join a public employee union by clarifying and streamlining the dues deduction authorization process. Furthermore, this legislation will make sure that the process is consistent among all public employers in the state.

Under current law, the process varies among the different employers and can result in confusion and delays in the ability of unions to effectively represent their membership, as required by law.

Amends the retirement and social security law by adding a new Article 26 to grant police officers and professional firefighters the opportunity to participate in a non-contributory twenty year retirement if their employer so elects.

JUSTIFICATION:

In 2009 the legislature passed a new Tier V pension bill for police officers and firefighters hired after January 2010 into the Tier V plan. Those police officers and firefighters hired on or after the effective date of Tier V (January 9, 2010) were placed in a contributory twenty-year retirement plan unless they were subject to a collective bargaining agreement that provided to the contrary. This same protection was not afforded police officers and firefighters working without a collective bargaining agreement.

This bill would afford the same opportunities to such police officers and professional, paid firefighters as those working pursuant to a collective bargaining agreement at the time of the enactment of Tier V. In addition, this bill would allow any participating employer, in the future, to provide a non-contributory twenty year retirement notwithstanding the provisions of Tier V or Tier VI. It should, however, be noted that this additional benefit is not to be considered a mandatory subject of bargaining pursuant to the Taylor Law.

AN ACT to amend the general municipal law, in relation to creating a cancer presumption for firefighters

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- 1 Section 1. The general municipal law is amended by adding a new
 2 section 207-kkk to read as follows:
 3 § 207-kkk. Firefighters; disabilities caused by cancer. Notwithstand-
 4 ing any other provisions of this chapter to the contrary, any condition
 5 of impairment of health caused by (i) any condition of cancer affecting
 6 the lymphatic, digestive, hematological, urinary, neurological, breast,
 7 reproductive, or prostate systems or (ii) melanoma resulting in total or
 8 partial disability or death to a paid member of a fire department or
 9 fire district that participates in the New York State and Local Police
 10 and Fire Retirement System, who successfully passed a physical examina-
 11 tion on entry into the service of such department, which examination

TITLE OF BILL:

An act to amend the general municipal law, in relation to creating a cancer presumption for firefighters

PURPOSE:

Provides disability or death of certain firemen from cancer disabilities presumed to be occupational.

SUMMARY OF PROVISIONS:

Section one of this bill adds a new section 207-kkk to the General Municipal Law.

Section two of this bill provides that this act shall take effect immediately.

JUSTIFICATION:

The increased use of plastic and other chemical products in the last two decades has resulted in a qualitative change in the nature of the compounds to which firefighters are exposed to in responding to fires and other hazardous situations. Cancer disabilities for firefighters exceeds that of the average adult population. This increase is due to the proliferation of synthetic chemicals resulting in firefighters being exposed to increasing numbers of combustion and off-gassed materials from plastics and other synthetic substances at fires, chemical spills and other hazardous exposures

AN ACT to authorize Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher Saya, to elect to participate in the optional twenty year retirement plan for firefighters employed by the Arlington Fire District in the county of Dutchess

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Notwithstanding any other provision of law to the contrary,
2 the Arlington Fire District, in the county of Dutchess, a participating
3 employer in the New York state and local police and fire retirement
4 system, which previously elected to offer the optional twenty year
5 retirement plan, established pursuant to section 384-d of the retirement
6 and social security law, to firefighters employed by such fire district,
7 is hereby authorized to make participation in such plan available to
8 Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher
9 Saya; firefighters employed by such fire district, who, for reasons not
10 ascribable to their own negligence, failed to make a timely application
11 to participate in such optional twenty year retirement plan. Thereafter,
12 Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher
13 Saya may elect to be covered by the provisions of section 384-d of the
14 retirement and social security law, and shall be entitled to the full
15 rights and benefits associated with coverage under such section as well

1 § 2. All past service costs associated with implementing the
2 provisions of this act shall be borne by the Arlington Fire District and
3 may be amortized over a period of ten years.

4 § 3. Notwithstanding any other provision of law to the contrary, this
5 act shall be contingent upon the Arlington Fire District Board of Fire
6 Commissioners passing a resolution requesting the enactment of this
7 legislation and providing copies of such resolution to each house of the
8 legislature.

9 § 4. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill will allow the Arlington Fire District to elect to reopen the provisions of Section 384-d together with Section 384-e of the Retirement and Social Security Law for fire fighters Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher Saya.

If this bill is enacted and these firefighters become covered under the provisions of Section 384-d together with Section 384-e, we anticipate that there will be an increase of approximately \$42,000 in the annual contributions of the Arlington Fire District for the fiscal year ending March 31, 2019. In future years, this cost will vary as the billing rates and salaries of these firefighters change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$399,000 which would be borne by the Arlington Fire District as a one-time payment. This estimate is based on the assumption that payment will be made on February 1, 2019. If the Arlington Fire District elects to amortize this cost over a 10 year period, the cost of the first year would be \$53,100.

Summary of relevant resources:

The membership data used in measuring the impact of the proposed change was the same as that used in the March 31, 2017 actuarial valuation. Distributions and other statistics can be found in the 2017 Report of the Actuary and the 2017 Comprehensive Annual Financial Report.

BILL NUMBER: S6333B

SPONSOR: SERINO

TITLE OF BILL: An act to authorize Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher Saya, to elect to participate in the optional twenty year retirement plan for firefighters employed by the Arlington Fire District in the county of Dutchess

PURPOSE:

To reopen the provisions of section 384-d together with section 384-e of the retirement and social security law for four firefighters in the Arlington Fire District.

SUMMARY OF PROVISIONS:

Section 1: Authorizes Arlington Fire District firefighters Johel E. Dongo, Carl P. Cacace Jr., Douglas J. Parrish and Christopher Saya to elect to be covered by the provisions of section 384-d together with 384-e of the retirement and social security law.

Section 2: Requires that all past service costs associated with this legislation be borne by the Arlington Fire District.

Section 3: Requires that the Arlington Fire District Board of Fire Commissioners pass a resolution requesting this legislation and provide a copy of such resolution to each house of the legislature.

Section 4: Establishes the effective date.

JUSTIFICATION:

Through no fault of their own, four members of the Arlington Fire District did not complete the appropriate forms to enroll under the 384-d retirement plan together with the 384-e retirement plan. This legislation would grant these firefighters until December 31, 2018 to file a request with the state comptroller to be enrolled and covered under such plans.

LEGISLATIVE HISTORY:

New Bill.

FISCAL IMPLICATIONS:

According to the fiscal note, if this bill is enacted, the New York State Local Retirement System anticipates there will be an approximately \$42,000 increase in annual contributions of the Arlington Fire District for the fiscal year ending March 31, 2018, with costs varying in future years.

Additionally, there will be an immediate past service cost of approximately \$399,000 which would also be borne by the Arlington Fire District. If the fire district opts to amortize the cost over a 10-year period, the cost for the first year would be \$53,100.

EFFECTIVE DATE:

4 which has been certified or recognized under this article when at the
5 time of questioning by the employer of such employee it reasonably
6 appears that he or she may be the subject of a potential disciplinary
7 action. If representation is requested, and the employee is a potential
8 target of disciplinary action at the time of questioning, a reasonable
9 period of time shall be afforded to the employee to obtain such repre-
10 sentation. It shall be an affirmative defense to any improper practice
11 charge under paragraph [~~(g)~~] (f) of this subdivision that the employee
12 has the right, pursuant to statute, interest arbitration award, collec-
13 tively negotiated agreement, policy or practice, to present to a hearing
14 officer or arbitrator evidence of the employer's failure to provide
15 representation and to obtain exclusion of the resulting evidence upon
16 demonstration of such failure. Nothing in this section shall grant an
17 employee any right to representation by the representative of an employ-
18 ee organization in any criminal investigation.

19 § 2. The Mandate Relief Redesign Team, as established by Executive
20 Order Number Six of 2011, shall prepare a list of unfunded mandates on
21 local governments and an estimate of the cost thereof. The Mandate
22 Relief Redesign Team shall complete such list and submit it to the
23 governor and the legislature no later than two years after the effective
24 date of this act.

25 § 3. Severability. If any clause, sentence, paragraph, section or part
26 of this act shall be adjudged by any court of competent jurisdiction to

TITLE OF BILL:

An act to amend the civil service law, in relation to suspending the Triborough amendment; directing the mandate relief redesign team to prepare a list of unfunded mandates; and providing for the repeal of such provisions upon expiration thereof

PURPOSE OR GENERAL IDEA OF BILL:

Suspends the Triborough amendment; requires the mandate relief team to prepare a list of unfunded mandates; expires in two years

SUMMARY OF PROVISIONS:

Section 1 amends subdivision one of section 209-a of the civil service law, which deletes section (e), and the original paragraphs f) and (g) are relabeled as (e) and (f) respectively.

Section 2 directs the Mandate Relief Redesign Team, as established by Executive Order Number Six of 2011, shall prepare a list of unfunded mandates on local governments and an estimate of the cost thereof, and submit it to the legislature no later than two years after the effective date of this act.

Section 3 contains a severability clause.

Section 4 contains the effective date.

JUSTIFICATION:

In January of 2011, Governor Andrew M. Cuomo announced the signing of an Executive Order to create a team of private and public sector individuals charged with finding ways to cut the unfunded and underfunded mandates that make New York one of the most taxed states in the nation.

The "Mandate Relief Redesign Team" was created to review unfunded and underfunded mandates imposed by the New York State government on school districts, local governments, and other local taxing districts.

During the team's early 2011 meetings, the head of the team gave tacit support to re-examining the Triborough Amendment, which was added to the Taylor Law in 1982. The Triborough Amendment prohibits a public employer from altering any provision of an expired labor agreement until a new agreement is reached. New York is the only state in the nation to have

such a requirement, and it is one of the most expensive mandates borne by State and local governments.

Public employers and employees should be encouraged to work together to achieve labor contracts that are both fair and affordable. While suspending, and ultimately reforming, the Triborough Amendment is just one potential solution, any comprehensive solution that provides tax relief must include reforms to the most challenging unfunded and underfunded State mandates by granting our municipalities greater flexibility.

The stakeholders from business, labor, education and government who comprise the Mandate Relief Redesign Team have shown a willingness to work together to achieve the reforms we as New Yorkers and taxpayers so desperately need. This legislation will give the team the tools it needs for these and other reforms to reduce both the size and cost of government. This bill would also require the team to provide a cost estimate for these mandates to the legislature within two years.

TITLE OF BILL: An act to amend the civil service law, in relation to removing the requirement that a public employer continue terms of an expired agreement until a new agreement is negotiated with an employee organization

PURPOSE:

Removes the requirement that a public employer continue terms of an expired agreement until a new agreement is negotiated with an employee organization.

SUMMARY OF PROVISIONS:

Section 1: Paragraph (e) of Subdivision 1 of section 209-a of the civil service law is deleted, and the original paragraphs (f), and (g), are renumbered as (e), and (f).

Section 2: This act shall take effect immediately.

JUSTIFICATION:

The 1982 Triborough Amendment to the Taylor Law prohibits a public employer from altering any provision of an expired labor agreement until a new agreement is reached.

New York is the only state in the nation to have such a requirement, and in the private sector, where collective bargaining has existed for more than 60 years under the National Labor Relations Act, no similar obligation is imposed upon employers who are parties to a labor contract.

This mandate undermines the collective bargaining process and discourages those at the negotiating table from making givebacks or concessions, putting New York's taxpayers at an extreme disadvantage.

The Triborough Amendment should be repealed so that public employer's and employees can be encouraged to work together to achieve labor contracts that are both fair and affordable.

TITLE OF BILL: An act to repeal section 50-a of the civil rights law, relating to personnel records of police officers, firefighters and correction officers

PURPOSE OR GENERAL IDEA OF BILL:

This bill would repeal Section 50-a of the civil rights law.

SUMMARY OF SPECIFIC PROVISIONS:

Section one of the bill repeals section 50-a of the civil rights law.

Section two is the effective date.

JUSTIFICATION:

§ 50-a of the New York State Civil Rights Law permits law enforcement officers to refuse disclosure of "personnel records used to evaluate performance toward continued employment or promotion." This exemption was adopted in 1976 by the Legislature in order to prevent criminal defense lawyers from using such records in cross examination of police witnesses during criminal prosecutions. According to the 2014 annual report by the State Committee on Open Government to the Governor and the State Legislature, "this narrow exemption has been expanded in the courts to allow police departments to withhold from the public virtually any record that contains any information that could conceivably be used to evaluate the performance of a police officer."

The evolution of § 50-a has defeated the Freedom of Information Law's (FOIL) goal of accountability and transparency. FOIL already provides all public employees, including those protected under § 50-a, the protections necessary to guard against unwarranted invasions of privacy and from disclosures that could jeopardize their security or safety. Furthermore, courts have the ability to protect against improper cross-examination and determine if police records are admissible in a trial, without the denial of public access to information regarding police activity created by § 50-a.

The 1976 enactment of § 50-a may have been necessary to safeguard law enforcement officers from improper personnel record exposure during criminal prosecutions, but that is no longer the case today. The general rules and statutory exceptions of FOIL - for example in instances that disclosure would constitute an unwarranted invasion of privacy - are sufficient in protecting police from unfair cross examination by criminal defense lawyers. Moreover, the State Committee on Open Government notes that " (§ 50-a) creates a legal shield that prohibits disclosure,

even when it is known that misconduct has occurred." FOIL's public policy goals, which are to make government agencies and their employees accountable to the public, are thus undermined by the statute. Outright appeal of this statute will positively affect public trust in law enforcement and serve to hold police and other uniformed law enforcement officials to the same level of accountability applied to all other public employees.
