

How can I help?

Garden City Professional Firefighters are collecting petition signatures for a referendum vote by the citizens. Teams will be going out **every weekday evening from 5-8:30 pm starting tonight** to knock on resident doors and gather signatures.

That means this week, Thursday 8/9 and Friday 8/10. Next week help is needed every night Monday 8/13 through Friday 8/17. There will possibly also be weekend shifts, more info will follow when that is decided. To best coordinate the work shifts, it is preferred if you could email or call/text **John Esposito** with the days you are available and the number of people coming.

However, don't be afraid to just show up or send a last minute text that you can help!
