WHEREAS, it is the intent and purpose of the parties to set forth herein the basic Agreement covering wages and terms and conditions of employment to be observed between the parties hereto in furtherance of the policy as aforesaid,

NOW, THEREFORE, it is mutually agreed as follows:

The CITY shall transmit the sums so deducted to the ASSOCIATION in the same manner as specified in Section 2.01 of this agreement. The ASSOCIATION shall establish and maintain a procedure providing for refund, if any, to any employee demanding the return of any part of an agency shop fee deduction which represents the employee's prorata share of expenditures by the ASSOCIATION in aid of activities or causes of a political or ideological nature only incidentally related to terms and conditions of employment and not related to the ASSOCIATION'S negotiating expenses and the costs of grievance representation for all members of the bargaining unit.

ARTICLE 2 - DUES CHECKOFF AND AUTHORIZATION

ARTICLE 4 – INSURANCE

All insurance costs will begin on January 1, 2012.

Section 4.01

The CITY shall pay for 90% of the premiums for Blue Cross/Blue Shield PPO 813 health coverage, or comparable coverage by a carrier selected by the CITY.

All members shall pay ten percent (10%) of their health insurance premium.

The CITY shall provide and pay Twenty Thousand Dollars (\$20,000.00) term life insurance coverage for each firefighter.

If a firefighter is covered by health insurance from a source other than the CITY, as established by proof of such coverage, and the firefighter drops his/her health coverage by the CITY, then the CITY will pay the firefighter fifty percent (50%) of the premium payment savings credited to the CITY for that firefighter on a monthly basis.

Any changes in this section, including but not limited to changes in carrier or coverage will be made only upon formal communication and meetings with the ASSOCIATION.

Effective January 1, 2017, the group health, hospitalization and prescription coverage to be provided to eligible employees (and retirees) under this agreement shall be provided by the Employer through its participation in and contribution to the Labor-Management Healthcare Fund ("LMHF"), a collectively-bargained employee benefits fund. The Employer's membership and contribution obligations are set forth in the attached Membership Agreement. The Employer guarantees that the level of benefits available to employees under the LMHF shall be equivalent to or greater than the benefits enjoyed by the employees prior to January 1, 2017, and there shall be no diminution in benefits as a result of the participation in the LMHF.

In the event there is an increase in the employee's out-of pocket expense due to higher co-pays for medical treatment and/or prescription drugs, the employee shall submit a receipt to the Employer for reimbursement.

Section 4.02

The CITY shall maintain and keep in force a family dental plan, Preventive and Diagnostic (Full Basic and 50% Prosthetic Allowance) including coverage for dependent children to age 26 for the balance of the term of this contract. The CITY shall pay 90% of the cost for this plan.

Any change in this section, including but not limited to changes in carrier or coverage will be made only upon formal communication and meetings with the ASSOCIATION.

Section 4.03

Effective January 1, 2016, the city shall pay 50% of monthly premiums for BC/BS PPO 813 Health, Prescription, Optical and Dental Plan for members upon retirement for a period of up to one hundred and twenty months (120). The remaining 50% shall be paid by the retiring member through the current system of continuing health insurance coverage after retirement.

1. All existing members of the City of Dunkirk Firefighters Local 616 who retire from the City shall be permitted to use their sick time, comp time, and any other accrued time to pay fifty percent (50%) of the premium cost for the plan the retiree is eligible for, to maintain the City's group health, hospitalization, prescription drug and vision insurance provided to active employees upon their retirement in the City's sponsored group plans, both the pre-65 and the post-65 Medicare Plans. The City will make payment of the remaining fifty percent (50%) of the premium cost for the City's group health, hospitalization, prescription drug, and vision insurance. Upon selection of this option, the member must use all of his accrued time for purposes of paying for his/her health, hospitalization, prescription drug, and vision insurance and it must be used to satisfy the full fifty percent (50%) cost to the member for continuing health, hospitalization, prescription drug, and vision insurance until the accruals have been exhausted. The City will hold this cash out in escrow for the member, deducting the member's share of the insurance cost annually. Any remaining balance in the escrow account will be paid out upon termination of the insurance coverage. Upon exhaustion of accrued time, the member must pay fifty percent (50%) of the cost of continued health, hospitalization, prescription drug, and vision insurance for the remaining ten (10) year period. There shall be no caps on accrual of sick time, comp time, or other accruals for purposes of using said time pursuant to this option to pay for health insurance related premiums.
2. Should a member who has elected to utilize the insurance option provided in this section terminate the insurance coverage prior to the 10 year period, accrued time will be cashed out under the existing contract as set forth in sections 8.02 and 12.02 respectively. Any accrued time not used in excess of the amounts allowed under the stated sections will be forfeited.
3. This provision only applies to members of the City of Dunkirk Firefighters Local 616 employed by the City prior to the date of execution of this Agreement.
4. The City of Dunkirk shall advise the member six (6) months before his/her accruals run out so that arrangements may be made whether to continue with the City's health insurance or to elect another option. If for any reason the member is not permitted to utilize or does not elect the ten (10) year cash out option for purposes of maintaining the insurance benefits as described above, the member's retirement benefit will be determined as set forth in Section 12.01 and 12.02 of the 2011-2013 Collective Bargaining Agreement. All other provisions of

Article 12 remain in effect, including but not limited to, the provisions regarding pay out upon a member's death.

A retiring firefighter may elect to apply all or a portion of the retirement allowance specified in Section 12.02 toward the cost of continuing medical coverage or comparable coverage by a carrier selected by the CITY. The election shall be final and must be made at least two weeks prior to the effective date of retirement. The amount of allowance to be applied toward insurance coverage shall be specified on a form to be provided by the Chief. Thereafter, that amount shall be applied solely to continue applicable insurance until the sum is exhausted. Retirees may, upon exhaustion of the retirement allowance, continue to maintain the same coverage at their expense provided the premiums are paid to the City Clerk at least one month in advance, and, provided further, the insurance carrier permits such continued coverage; the CITY shall, however, make every reasonable effort to continue such coverage for retirees including attempts to obtain such coverage through other insurance carriers.

Any changes to this section, including but not limited to changes in carrier or coverage will be made only upon formal communication and meetings with the ASSOCIATION.

All of such payment to be made and/or funded by January 31st of each of the years of this contract.

January 1, 2017	\$1,200.00
January 1, 2018	\$1,200.00
January 1, 2019	\$1,200.00
January 1, 2020	\$1,200.00

Section 5.02

The Health and Safety Committee of the Association and the Fire Chief shall mutually agree upon a department standard for all firefighting personal protective equipment (P.P.E.). This standard will include specifications for such equipment.

All turnout gear shall mean O.S.H.A., N.F.P.A. and N.Y.S.D.O.L. compliant firefighting coat and trousers with integrated escape system and a protective hood.

The City shall replace each member of the Association one set of turnout gear when the gear is no older than six (6) years of age. The City will maintain and inspect the gear so as the gear remains in compliance. Any gear found to be out of compliance because of normal wear, damage, contamination or change in standard shall be repaired or replaced immediately by the City.

Members of the Association shall be responsible for procuring the following items for compliance with O.S.H.A., N.F.P.A. and N.Y.S.D.O.L. and in accordance to department standard:
1. Helmet 2. Gloves 3. Boots

Section 5.03

If a firefighter reports for duty in a uniform which is determined by any commanding officer to be improper or deficient in any respect, then the commanding officer shall notify such firefighter of the deficiency and will allow the firefighter forty-eight (48) hours to correct the deficient or improper dress. The commanding officer shall record the circumstances and enter a report that shall be placed in the firefighter's personnel file. The commanding officer or the Chief shall, at the time of entry of such report in the firefighter's personnel file, serve notification in writing upon this ASSOCIATION by delivering such notification to one of its officers. A firefighter so notified shall be suspended for one (1) day without pay if such firefighter reports for duty in a uniform previously determined to be improper or deficient and forty-eight (48) hours have elapsed since notification. The one (1) day suspension without pay

shall be imposed by a commanding officer as soon thereafter as possible and as the schedule permits.

It is further understood and agreed that Section 75 of the Civil Service Law is waived to the extent that it is otherwise applicable to such disciplinary matter but that a determination by a commanding officer in this regard is a grievable matter pursuant to Article 14. Multiple notification of improper or deficient uniform appearance shall subject a firefighter to disciplinary action in accordance with Section 75 of the Civil Service Law. The failure of the CITY to serve notification upon an officer of this ASSOCIATION shall not prohibit the CITY from taking further disciplinary action or proceedings with respect to such incident or interfere with the suspension. The provision of this section shall not apply to that part of the uniform commonly referred to as "turnout gear".

Section 5.04

The CITY will provide reimbursement for repair or value, whichever is less, of clothing and personal effects damaged or destroyed during the course of, and incident to, the performance of official duties, provided loss is not caused by the negligence of the firefighter and provided further that proof of loss is submitted to the Fire Chief as soon thereafter as practicable. Section 6.02

In the event that a firefighter is required to return to or be called back to duty from an off-duty status for any reason whatsoever, such firefighter shall be paid overtime at the rate of time and one-half, that is, time and one-half of ten (10) hours of the member's weekly salary (whether the member works a 15 or 9 hour additional tour of duty). A firefighter shall be considered on off-duty status when he/she is not working his/her scheduled tour of duty. A firefighter working as a relief man, however, shall be considered to be called from an off-duty status only after he/she has completed 20 days of work during his or her cycle. All relief men shall have completed 20 days in his or her cycle of work before any firefighter is recalled for overtime purposes. If all relief men are working a tour of duty, or all relief men have completed 20 days in their cycle of work, then the overtime system shall take effect in accordance with the following schedule.

Notwithstanding the above provisions, compensatory time shall be granted at a straight time rate in lieu of payment of overtime at time and one-half when a firefighter is required to attend training courses provided for in Section 18.01 of this Agreement.

Firefighters shall be eligible for overtime based upon seniority and a schedule for such purpose shall be maintained by the Chief who shall call back the next eligible firefighter for purposes of overtime work. This schedule shall indicate the time and date of each call to an eligible firefighter and also the reason the firefighter is unable to work, including vacation, sickness, on duty, not contact or declining to work. If a firefighter declines to work when contacted by the Chief, he/she shall be bypassed until a completed cycle of the seniority list has been made before eligible for additional overtime work.

A firefighter shall not be required to work neither a double shift nor more than five consecutive calendar days. In the event a firefighter is ineligible for overtime duty because of the foregoing circumstances, his or her name shall remain at the top of the seniority overtime list and the next eligible firefighter shall be called in his or her place. When a firefighter is required to remain on duty beyond the end of his/her regular tour of duty for any reason, he/she shall receive overtime pay at the rate of time and one-half for all time worked in excess of one-quarter hour after the end of such regular tour of duty.

If, for any reason, a firefighter is unable to utilize his vacation allowance in the year it is scheduled to be taken, he shall submit a written request to the Mayor to credit the unused vacation time to the following calendar year allowance; provided, however, that this unused vacation credit shall be scheduled after all other vacations for the year have been scheduled pursuant to the provisions of Section 8.03. In order to qualify for a vacation during any calendar year, a firefighter must be on regular duty for the initial day of a calendar year.

One-half of such allowance not to exceed 108 days shall be paid upon retirement. The balance shall be paid six (6) months after the retirement date. Such final payment shall be made on the basis of a submitted voucher from the retiree. It is understood and agreed that a firefighter, nevertheless, may receive a cash payment upon retirement equal to the value of at least 108 days of accumulated and unused sick leave days standing to his/her credit upon retirement even if such sum exceeds the total of the value of one-half of the sick leave days accumulated by such firefighter.

Such allowance shall equal the converted value of accumulated and unused sick leave up to a maximum of 225 days for firefighters, effective January 1, 2006. The value of each accumulated sick day for the purpose of converting sick leave into said allowance shall equal one-fifth (1/5) of the weekly salary of the retiring firefighter based on the salary schedule in effect at the time of retirement. A firefighter may elect to apply all or a portion of such retirement allowance to continue and extend health insurance coverage, in accordance with the procedure established in Article 4.

Any employee who needs the support of such rehabilitation programs can do so voluntarily, in confidence, by contacting representatives of the Employee Assistance Program.

If an employee admits to substance abuse, the individual will be encouraged to voluntarily enter a rehabilitation program or private counseling program with periodic reevaluation by the employee's physician. The employee must demonstrate reasonable progress toward satisfactory performance, and the CITY expects that the employee will remain free of future substance abuse. - a. **Add:** Effective January 1, 2017, the group health, hospitalization and prescription coverage to be provided to eligible employees (and retirees) under this agreement shall be provided by the Employer through its participation in and contribution to the Labor-Management Healthcare Fund ("LMHF"), a collectively-bargained employee benefits fund. The Employer's membership and contribution obligations are set forth in the attached Membership Agreement. The Employer guarantees that the level of benefits available to employees under the LMHF shall be equivalent to or greater than the benefits enjoyed the employees prior to January 1, 2017, and there shall be no diminution in benefits as a result of the participation in the LMHF.

b. **Section 4.03 – modify as follows:** Increase 60 months to 120 months.

c. **Section 4.03 – add:**

- i. All existing members of the City of Dunkirk Firefighters Local 616 who retire from the City shall be permitted to use their sick time, comp time, and any other accrued time to pay fifty percent (50%) of the premium cost for the plan the retiree is eligible for, to maintain the City's group health, hospitalization, prescription drug and vision insurance provided to active employees upon their retirement in the City's sponsored group plans, both the pre-65 and the post-65 Medicare Plans. The City will make payment of the remaining fifty percent (50%) of the premium cost for the City's group health, hospitalization, prescription drug, and vision insurance. Upon selection of this option, the member must use all of his accrued time for purposes of paying for his/her health, hospitalization, prescription drug, and vision insurance and it must be used to satisfy the full fifty percent (50%) cost to the member for continuing health, hospitalization, prescription drug, and vision insurance until the accruals have been exhausted. The City will hold this cash out in escrow for the member, deducting the member's share of the insurance cost annually. Any remaining balance in the escrow account will be paid out upon termination of the insurance coverage. Upon exhaustion of accrued time, the member must pay fifty percent (50%) of the cost of continued health, hospitalization, prescription drug, and vision insurance for the remaining ten (10) year period. There shall be no caps on accrual of sick time, comp time, or other accruals for purposes of using said time pursuant to this option to pay for health insurance related premiums
- ii. Should a member who has elected to utilize the insurance option provided in this section terminate the insurance coverage prior to the 10 year period, accrued time will be cashed out under the existing contract as set forth in sections 8.02 and 12.02 respectively. Any accrued time not used in excess of the amounts allowed under the stated sections will be forfeited.
- iii. This provision only applies to members of the City of Dunkirk Firefighters Local 616 employed by the City prior to the date of execution of this Agreement.
- iv. The City of Dunkirk shall advise the member six (6) months before his/her accruals run out so that arrangements may be made whether to continue with the City's health insurance or to elect another option. If for any reason the member is not permitted to utilize or does not elect the ten (10) year cash out option for purposes of maintaining the insurance benefits as described above, the

member's retirement benefit will be determined as set forth in Section 12.01 and 12.02 of the 2011-2013 Collective Bargaining

CITY OF DUNKIRK

Fire Department

Procedure for the Implementation of General Municipal Law, Section 207-a

Section 1 - Intent

This procedure is intended to implement the express language of Section 207-a of the General Municipal Law and is not intended to reduce any benefits that firefighters are entitled to pursuant to Section 207-a of the General Municipal Law.

For the purpose of this Article, "business day" shall mean Monday through Friday excluding any holiday when the City Hall is closed for regular business.

Section 2 - Notice of Disability or Need for Medical or Hospital Treatment

- (a) A firefighter or anyone acting on his behalf, who claims a right to benefits under Section 207-a of the General Municipal Law either because of a new illness or injury or the recurrence of a prior illness or injury shall make written notice and application for those benefits within ten (10) business days of when the firefighter reasonably should have known that the illness or injury would give rise to the claim of entitlement to 207-a benefits. The written notice and application shall be presented to the Chief and/or the Personnel Administrator on the form which is made a part of this procedure (See Appendix "A" - Form 1).
- (b) The firefighter shall provide a medical authorization for the City to obtain copies of his relevant medical records from his treating physician or other health care provider (See Appendix "A" - Form 2). The City will provide the firefighter, without cost to the firefighter, a copy of the records and reports provided to the City pursuant to the authorization as well as any records or reports by physicians, health care providers, or other experts who examine the firefighter on behalf of the City. The medical authorization shall contain a confidentiality statement prohibiting the use or release of the firefighter's medical records except for purposes authorized by this Procedure including any hearing undertaken pursuant to Section 7.
- (c) The firefighter or his representative shall also fill out a report notifying the Retirement System of his or her claim for on-the-job injury. The form should be returned with the 207-a Application for transmittal by the Personnel Administrator's office. The form is attached hereto as Appendix "A" - Form 3.
- (d) In the event of a personal inability by the firefighter to give notice, such notice may be made by another acting on behalf of such firefighter. If known, the notice shall describe the nature of the injury or sickness and the name of the treating physician.

- (e) The failure to satisfy any time limits specified above shall render a notice of filing untimely and shall preclude an award of any benefits pursuant to Section 207-a of the General Municipal Law; provided, however, that the City Personnel Administrator shall have the discretionary authority to excuse a failure to provide notice or file a report upon good cause shown.

Section 3 - Status Pending Determination of Eligibility for Benefits

- (a) The firefighter shall be placed on sick leave pending determination of his eligibility for Section 207-a benefits.
- (b) In the case of any employee who has no sick leave time accrued to his/her credit, the City will advance sick leave for the purposes of this Section until such time as a final determination pursuant to Section 4 or Section 7 (as applicable), below, is made. In the event that the employee is denied 207-a eligibility and either the employee does not appeal this denial or after appealing the denial, the denial of benefits is upheld, the employee will reimburse the City in time (sick or vacation time) or money, at the option of the employee, for the sick leave time advanced.
- (c) In the event that an employee is found to be eligible for 207-a benefits, the employee will have all used sick leave credits restored.

Section 4 - Benefit Determinations

- (a) The City shall promptly review a firefighter's application for Section 207-a benefits and shall determine his eligibility within fifteen (15) business days after the Chief or the Personnel Administrator receives the application.
- (b) In determining the application, the City may require a more detailed statement from the firefighter than that contained on the application. The City may take statements from witnesses and may send the firefighter to a physician or physicians of its choice for examination at the City's expense.
- (c) The determination will be made in writing to the firefighter, setting forth in detail any and all reasons for the determination. In the event that the application is denied, the City will simultaneously provide the firefighter, without cost, a copy of all information produced or acquired by it, in connection with the firefighter's application and determination for Section 207-a benefits. The City will continue to provide the firefighter with additional medical information subsequently produced or acquired.

Section 5 - Assignment to Light Duty

As authorized by the provisions of Subdivision 3 of Section 207-a, the Department, acting through the Chief or the City Personnel Administrator, may assign a disabled firefighter specified light duties, consistent with his/her status as a firefighter. The Chief, prior to making a light duty assignment, shall advise the firefighter receiving benefits under Section 207-a that his/her ability to perform a light duty assignment is being reviewed. Such a firefighter may submit to the Chief or the City Personnel Administrator, any document or other evidence in regard to the extent of his/her disability. The Chief or the City Personnel Administrator may cause a medical examination or examinations of the firefighter, to be made at the expense of the City. The physician selected, the firefighter and his/her physician, shall be provided with the list of duties and activities associated with a proposed light duty assignment. The City's physician shall make an initial evaluation as to the ability of the disabled firefighter to perform certain duties or activities, given the nature and extent of the disability. If the firefighter's physician does not agree that the firefighter is medically able to perform the light duty assignment, he must express, in writing, those elements of the light duty assignment which the employee cannot perform and the specific medical reasons which preclude the firefighter from performing the duties. If there is a disagreement between the City's physician and the firefighter's physician as to the firefighter's fitness to perform one or more portions of the duties of the light duty assignment, those portions cannot be assigned until the dispute is resolved pursuant to Section 7. It is understood that assignment to light duty is temporary and that a firefighter so assigned does not have any entitlement to a continued light duty assignment for an indefinite duration of time.

Nothing contained herein shall require the Department to create light duty assignments.

Section 6 - Termination of Benefits

- (a) Salary payments provided by Section 207-a(1) shall terminate upon the employee being retired pursuant to an accidental disability retirement or a performance of duty disability retirement as set forth in the Retirement and Social Security Law. Nothing herein shall preclude the continuation of 207-a benefits pursuant to 207-a(2), if appropriate.
- (b) The City will not discontinue Section 207-a benefits without the consent of the firefighter unless the firefighter's treating physician certifies that he is medically able to return to work and the firefighter refuses to do so. In the event that the City believes that the benefit should terminate and the firefighter does not consent, or his physician does not certify that he is able to return to work, the City may utilize the provisions of Section 7 in order to receive a determination from the arbitrator regarding the firefighter's continued eligibility for benefits.

Section 7 - Dispute Resolution Procedure

In the event that the City denies an application for Section 207-a benefits, seeks to discontinue Section 207-a benefits, there is a dispute about whether a firefighter is capable of performing a specific light duty assignment, or there is an issue with respect to outside employment, the matter will be submitted directly to arbitration pursuant to the rules of the Public Employment Relations Board. A hearing shall be held within sixty (60) days of appointment except that the deadline may be extended upon mutual consent. The arbitrator shall render his/her decision within thirty (30) days of the closing of the record. The determination of the arbitrator shall be final and binding on the City and the firefighter, but shall not preclude further review at a subsequent date based upon new or supplemental medical or other information. The cost of arbitration shall be borne equally by the City and the firefighter.

Section 8 - Disability Retirement

Consistent with Section 207-a, the City may file an application on the firefighter's behalf for retirement under Sections 363 or 363-c of the New York State Retirement and Social Security Law. Any injured or sick firefighter who is receiving 207-a benefits shall permit reasonable medical inspections in connection with such an application for accidental disability retirement or performance of duty disability retirement.

Section 9 - Continuation of Contract Benefits

For the first ninety (90) days of leave pursuant to Section 207-a, a firefighter will continue to accrue all contract benefits. After ninety (90) days, the firefighter shall not accrue any contract benefits except for wages, applicable longevity and health insurance. In the event that the firefighter is assigned to light duty (pursuant to Section 5 above) the firefighter will be entitled to all contractually negotiated fringe benefits with respect to holidays, clothing, vacation, sick leave, etc.

Section 10 - Outside Employment

If, as a result of an investigation, the City determines that a firefighter receiving benefits pursuant to 207-a has engaged in paid outside employment, the City shall provide written notice of such determination. The notice shall specify in detail any and all reasons and the factual basis for those reasons for the determination. The firefighter may appeal the determination pursuant to Section 7 herein. The arbitrator shall have the authority to determine the amount of benefit to be reimbursed, if any, and direct the manner in which such reimbursement shall be made. The City, upon request, must be provided with a W-2 form or tax returns or other proof other than sworn statements by the firefighter. The firefighter may redact irrelevant information from the income tax information requested by the City, e.g., spousal income.

Section 11 - Hazardous Exposure

A firefighter who reasonably believes he or she may have been exposed to a health hazard, e.g., AIDS, Hepatitis-B, biological or chemical toxins, etc., as a result of the performance of his or her duties, may file a hazardous exposure incident form (See Appendix "A" - Form 4) at the time of the exposure. The exposure form will be maintained by the City in the firefighter's personnel file.

If a firefighter claims a job-related injury due to exposure to a health hazard, then he or she must comply with the Notice of Disability filing requirements of Section 2 as well as the other requirements of this Article.

Section 12 - Exclusivity of Procedures

These procedures are the sole exclusive procedures for determining a firefighter's eligibility for benefits under Section 207-a. As such, a firefighter shall have no right to challenge decisions of the City regarding eligibility or continued eligibility for 207-a benefits under the grievance machinery included in any collective bargaining agreement to which the firefighter or his or her collective bargaining representatives are a party.

Either party may file a grievance for a violation of these procedures. In that case, the scope of the arbitrator's authority will be solely to determine whether the procedures were complied with or violated.
